

## WELLNESS

### **I am pregnant. Can I use Benevita products?**

If you are pregnant, consult a physician before using Benevita products. Maintaining a healthy diet during pregnancy is essential to ensuring the well-being of mother and child. Benevita products are safe and beneficial for the majority of healthy adults, but expecting and nursing mothers should consult health care providers before their use.

### **Can I use Benevita products if I have a medical condition?**

If you have a medical or health condition, are taking prescription medications, or have dietary restrictions, please consult a medical professional before using Benevita products or changing your diet or lifestyle.

### **Will Benevita cause drug interactions?**

Benevita products are not medications but dietary supplements, so they should have no negative impact on your health. But if you are currently taking physician-supervised medications, we recommend you consult your health care provider before adding Benevita products to your diet.

Also, ensure when using Benevita supplements that you consume the FDA's daily recommended intake of vitamins, minerals, and calories for the safest, most beneficial effects.

### **Can children use Benevita products?**

ACN's Benevita products have been developed and formulated specifically for adults, so we advise against their consumption by children.

### **Can I mix Shake-It! with water and/or milk?**

While we recommend Shake-It! to be mixed with water, you can certainly mix it with low-fat milk or typical milk substitutes for increased flavour or nutritional benefits. Be sure to monitor portion sizes, however, as additional ingredients can increase calorie load per serving. Also, be sure to check out our Vanilla Shake-It! recipes on the Benevita web site, [www.benevita.eu](http://www.benevita.eu), for tasty and healthy ideas that add a little more flair and flavour to your shake!

### **Can I add fruit or other ingredients to Shake-It!?**

Adding fruit or other healthy ingredients to Shake-It! can increase its nutritional benefits. Keep in mind, however, that added ingredients will increase per-serving calorie load. ACN formulates Benevita Shake-It! drinks for optimal results when made according to label instructions.

### **Where is the best place to store Shake-It!?**

Store Shake-It! powders in a cool, dry place, and maintain them at or below room temperature. Avoid product exposure to humidity or sunlight.

### **Where is the best place to store capsules?**

Store capsules in a cool, dry area at or below room temperature or in the refrigerator. Do not place unused capsules where they might receive exposure to humidity or sunlight, and keep them safely stored in the original bottle with lid tightly closed.

### **Which government entities are responsible for regulating Benevita products?**

ACN's core values include individual and corporate compliance with all international, federal, and local laws, including applicable regulatory laws. All ACN products available in Europe are produced, labeled, and imported in accordance with regulations established by the European Union and the relevant authorities in the countries in which our products are sold or distributed.

### **When do Benevita products expire?**

We stamp all Benevita products with a "best before" date. After this date, we cannot ensure the efficacy of products or their flavour. We do not permit sale of Benevita products after the "best before" date. ACN recommends that IBOs sell Benevita products prior to one-month remaining expiration dates.

### **What is glucomannan?**

Glucomannan is a water-soluble dietary fibre derived from konjac root. The Benevita Weight Management System contains 3 grams of glucomannan, the Japanese-grown and harvested Amorphophallus konjac root that actively contributes to natural, progressive weight loss when accompanied by a calorie-restricted diet.

### **I am a vegetarian. Which Benevita products can I use?**

All Benevita products are suitable for vegetarians.

### **How much water do I need to drink?**

Shake-it!, Go!, and Recover! capsules contain glucomannan. In order to ensure product efficacy as well as overall hydration and health, we recommend consuming at least 2.25 litres of fluid per day. This helps maintain blood volume and prevents dehydration. You should also remember to spread your fluid intake throughout the day, and avoid consuming a large amount at once.

### **Will I need vitamin supplements while using the programme?**

Benevita has specially formulated Shake-It! to meet the EU requirements for foods used in energy-restricted diets for weight reduction that replace one or more meals a day. A full list of nutritional facts and ingredients is available on the Benevita web site.

### **Are there any side effects?**

While made from natural ingredients, the Benevita Weight Management System should be followed according to directions for use to avoid complications or side effects.

**Directions:** take two capsules once a day before a meal with a 250 ml glass of water.

Food supplements are not substitutes for a varied diet and should be combined with a balanced diet and a healthy lifestyle.

Do not exceed the stated recommended daily dose.

Store out of reach of young children.

**Go!** should be used as part of the Benevita Weight Management System. **Go!** contains glucomannan, which in the context of an energy-restricted diet, contributes to weight loss with a daily intake of 3 g of glucomannan in three 1 g doses.

It is important to follow the directions of use for **Go!**

Glucomannan can cause choking if consumed without enough water and if consumed by people with swallowing difficulties.

Suitable for vegetarians.

PA044/03

# ALUMINÉ® HAIR CARE

## **Where are Aluminé® products manufactured?**

We manufacture all our Aluminé products in the United States and Europe.

## **Who can use Aluminé® hair care products?**

Our hair care lines are suitable for anyone—male or female—who desires to improve overall hair health.

## **How often should I use shampoo?**

We recommend regular use for visible, long-lasting results. Our gentle formulas, which include nourishing botanical ingredients, are free of harsh chemicals and may be used daily without causing dryness.

## **Why do I need conditioner?**

Conditioner is to hair what moisturiser is to skin and should be used regularly no matter your hair length or type. Its nourishing qualities strengthen hair, guarding against damages (chemical treatments, environmental factors and, styling products) while preventing breakage and reducing frizz. Conditioning hair creates a soft, healthy look, while adding maximum shine.

## **How should I use the Chinese Herbs™ Hair Care System?**

Simply massage the Chinese Herbs™ Stimulating shampoo into the scalp for two minutes; then rinse. Follow that with the Chinese Herbs™ Stimulating conditioner, leaving in for three to five minutes before rinsing. Then apply the Chinese Herbs™ Regenerating Scalp Serum twice a day, morning and evening, as a leave-in treatment.

## **How does the Chinese Herbs™ Regenerating Scalp Serum work?**

The Chinese Herbs™ Regenerating Serum acts as a nutritional supplement for the hair. The leave-in treatment has higher concentrations of active ingredients such as vitamins and antioxidants, which deeply penetrate hair. Apply to the scalp twice a day—once in the morning, the second time approximately 45 minutes before bed. The evening application allows your scalp to absorb nutrients during your body's natural regeneration process.

## **Can I just use the Chinese Herbs™ Regenerating Scalp Serum by itself?**

For best results, we recommend using all three Chinese Herbs™ Regenerating Hair Care products. Each step in the system contains potent, effective ingredients designed to help strengthen hair for healthy growth.

**Is it true that I need to regularly change the shampoo I use to prevent my hair from getting used to it and reducing its efficacy?**

Using the same shampoo and conditioner all the time doesn't reduce or change its effectiveness. Consistent use of a complete hair care product line will only improve your hair over time. However, hair type *may* change over the course of your lifetime due to factors like chemical treatments, climate, and styling tools. In that case, switch hair care products accordingly. Aluminé offers a complete portfolio of hair care lines for every hair type and condition.

**How does the Goji Berry Amplifying Treatment Mist work?**

This nourishing leave-in treatment helps detangle, hydrate, and add volume to hair. Its powerful antioxidant ingredients, like the Goji berry, help revitalise and nourish damaged hair. Use the treatment mist daily by applying to damp hair after shampooing and conditioning. Then simply comb and style. You can also use the treatment mist on dry hair.

**Why should I use the Sea Silk Volumising Styling Mousse?**

The Aluminé® Sea Silk Volumising Styling Mousse provides volume as well as a touchably soft hold. The product incorporates sea silk, a vegetable protein from marine algae that brings out the hair's lustrous shine. It also contains burdock root, used for centuries in Europe to strengthen hair from root to end. The formula's rice proteins naturally expand the diameter of every strand for a thicker appearance, while Vitamin B7 promotes further hair growth and cell development to enrich thin, dry, or damaged hair.

After shampooing and conditioning, apply two to three pumps of the styling mousse to towel-dried hair. Then blow dry, and style as usual.

**Why are botanical oils good for my hair?**

Botanical oils deeply nourish hair, protecting it and increasing its resilience, while minimising breakage and reducing frizz.

Every product in the Aluminé® portfolio includes essential botanical oils derived from plants and seeds. Our use of advanced extraction methods result in lighter-weight formulas that promote maximum absorption. Botanical oils include baobab oil, Argan oil, and macadamia oil.

**Are Aluminé® products safe for colour-treated hair?**

Aluminé® formulates products with botanical ingredients that are free of abrasive chemicals. Our sulphate-free formulas help preserve colour, while gentle cleansers add softness, body, and shine without damaging your hair.

**Are Aluminé® products 100% natural?**

No. We base our Aluminé® formulas on botanical principles and enrich them with organic ingredients. These high-quality products combine the best of cutting-edge technology with the best of nature to deliver results that don't compromise your well-being.

#### **Aluminé® products are 100% vegan. What does this mean?**

We at ACN and Aluminé® are committed to formulating products without any animal ingredients, and we never test our products on animals.

#### **What are parabens and why should I avoid them?**

Parabens are a preservative commonly used in the personal care industry to prolong the shelf life of a product. The concern is that these preservatives—which can mimic estrogen—build up in a person's body, posing a health risk. Research has found paraben accumulation in cancer biopsies. That's why, at Aluminé® and ACN, you won't find any ingredient that contains the word "paraben."

#### **What is the shelf life of the Aluminé® hair care products?**

All Aluminé® products have a shelf life of three years (36 months) if stored properly away from sunlight and heat.

#### **What is the "period after opening" symbol?**

Our commitment to safety is one of the things that sets us apart. This symbol gives the consumer a guideline for how long (in months) the product remains safe after being opened for the first time.

## ALUMINÉ® SKIN CARE

#### **When should I start a skin care regimen?**

It's never too early to start caring for your skin. Cumulative environmental factors along with natural ageing may damage skin, so it's important to create a consistent routine at an early age.

#### **How do I choose a skin care routine?**

Once you know your skin type, select a tailor-made skin care routine. Keep in mind that ageing, hormonal changes, and other factors may change your skin type throughout your lifetime.

#### **How can I tell if I have oily skin?**

Excess oil causes shine, particularly in problem areas, such as the T-zone—forehead, nose, and chin. This skin type is generally thick and covered with an oily film, preventing it from drying out. Oily skin is especially prevalent in adolescents and adult men, and it is less susceptible to external factors and dryness, reducing the visibility of ageing.

#### **How can I tell if I have a combination of oily and normal skin?**

If certain areas, particularly the T-zone—forehead, chin, and nose—tend to be greasy or shiny, while the remainder of the skin is uniformly soft to the touch without obvious imperfections, you have combination skin.

### **How can I determine whether I have dry skin?**

Dry skin is rough in texture, and may be sensitive to irritants. Those with dry skin may experience tightness and itching, as well as flaking. This type of skin, which may be thin and sensitive to cold or dry air, also tends to form wrinkles more easily since it has fewer lipids or water to protect it.

### **What's the best way to keep my skin looking younger?**

The two most important factors for skin health are a balanced, healthy diet and a consistent skin care routine. To maintain a healthy, youthful glow, celebrity stylist Peter Lamas recommends the following lifestyle changes:

Get enough sleep. This allows cellular regeneration and repair of the skin.

Always use a high-SPF sunscreen.

Stay hydrated, with at least 2 litres of water per day.

Wash, hydrate, and nourish skin daily.

Exfoliate at least three times a week.

Avoid drinking excess alcohol or smoking.

Protect skin against extreme heat or cold.

Eat well-balanced, healthy meals.

Use anti-ageing treatments.

### **How often should I wash my face and neck area?**

Daily cleansing is recommended to remove surface impurities and prepare the skin to absorb hydrating nutrients.

### **Can I go to bed without removing my makeup?**

Makeup clogs pores, and if left on overnight, the skin can't go through the detoxifying process that naturally occurs during sleep. This is highly damaging and can lead to a buildup of toxins that prematurely age skin.

### **What's the difference between the Aluminé® Brightening Emblica Eye Cream and the Aluminé® Overnight Age-Defying Eye Serum?**

The Brightening Emblica Eye Cream reduces dark circles. Creams penetrate less deeply than serums, making them an ideal delivery system for hydrating, protecting and sealing moisture into the skin. The Overnight Age-Defying Serum repairs under-eye bags and puffiness. The fundamental purpose of a serum is to deliver active ingredients and nutrients more deeply into the skin.

### **Which product should be applied first, a serum or a cream?**

A serum should be applied to clean skin before a cream. A good rule of thumb is to start with a base of lightweight products and follow with denser textures.

### **When should I begin using an anti-ageing serum?**

One of the most effective anti-ageing products, serums help combat a variety of skin problems—from sagging and wrinkles to sun and pollution damage. Peter Lamas recommends using serum beginning in your mid-20s to offset the first signs of ageing. Serums, which amplify the effects of other skin treatments such as creams, are a great addition to any skin care regimen.

### **How do I apply Aluminé® facial creams and serums?**

Apply creams evenly over the entire face and neck, using gentle, circular motions, while taking care to avoid the sensitive eye area.

To apply an under-eye serum like the Aluminé® Overnight Age-Defying Eye Serum, massage into the delicate area below the eye from the outside in. For the Brightening Emblica Eye Cream, gently dab onto the skin under and around eyes, moving from the inside to the outer edges. This stretches the skin and progressively smoothes fine lines. Take special care to avoid getting product in the eyes.

### **Why should I exfoliate?**

Exfoliation rids the skin of dry cells for a smoother appearance. Skin that is not properly exfoliated can take on a gray appearance due to residue buildup. We recommend exfoliating a minimum of three times a week.

### **Why do Aluminé® products use botanical oils instead of mineral oils?**

Derived from petroleum, mineral oils are a commonly used ingredient in personal care and cosmetic products. They produce a film of oil on the skin, which clogs pores and can cause breakouts.

Cutting-edge techniques used for botanical oil extraction make for lighter, more easily absorbed, naturally occurring oils. All our products use botanical oils because they penetrate deeply, nourishing the skin, and they cleanse and moisturise without clogging pores. The resulting appearance is more radiant, glowing skin that's soft yet firm to the touch.

### **What are parabens and why should I avoid them?**

Parabens are a preservative commonly used in the personal care industry to prolong the shelf life of a product. The concern is that these preservatives—which can mimic estrogen—build up in a person's body, posing a health risk. Research has found paraben accumulation in cancer biopsies. That's why, at Aluminé® and ACN, you won't find any ingredient that contains the word "paraben."

### **Why is the pH factor important?**

The acidity or alkalinity of a substance is measured on the pH scale, which ranges from 0 (extremely acidic, as in lemon juice) to 7 (neutral, as in water) to 14 (extremely alkaline, as in lye). Maintaining the skin's pH factor helps keep proper balance of the "acid mantle," which aids in protecting the body from bacteria and helps prevent moisture loss. If destroyed by an alkaline substance, the acid mantle takes three or four hours to regenerate.

Aluminé® skin care products have been carefully formulated at properly balanced pH levels to avoid damaging the skin's protective acid mantle, gently cleansing and moisturising to ensure the skin's optimum health.

### **Are Aluminé® products 100% natural?**

No. We based our Aluminé® formulas on botanical principles and enrich them with organic ingredients. These high-quality products combine the best of cutting-edge technology with the best of nature to deliver results that don't compromise your well-being.

### **Aluminé® products are 100% vegan. What does this mean?**

We at ACN and Aluminé® are committed to formulating products without any animal ingredients and we never test our products on animals.

### What is the shelf life of the Aluminé® skin care products?

All Aluminé® products have a shelf life of three years (36 months) if stored properly away from sunlight and heat.

### What is the “period after opening” symbol?

Our commitment to safety is one of the things that sets us apart. This symbol gives the consumer a guideline of how long (in months) the product will remain safe after being opened for the first time.

### Can Aluminé® products cause allergic reactions on the skin?

We formulate our Aluminé® lines to be effective and compatible with most skin types. The individual ingredients in our products have undergone extensive safety testing and analysis under a variety of conditions to ensure they meet the highest quality and safety standards.

Sometimes new products and ingredients require skin adjustments and may result in surface reactions or irritation during the transition period. Certain individuals may experience minor irritation which should resolve once skin acclimates to the product. However, as with all applied products and in rare instances, some ingredients may conflict with a user's unique personal skin chemistry. If an adverse reaction persists, discontinue usage.

If you have sensitive, reactive skin, we suggest the following guidelines:

Review the product label for potential allergens.

Test a small area of skin prior to your first use to determine any adverse reaction.

If you have extremely sensitive, dry, irritated, or damaged skin, consult your physician before trying any new skin care products. We do not recommend using Aluminé® products on skin with identified medical conditions such as acne, eczema, psoriasis, rosacea, or any other related conditions that require medical treatment or a dermatologist's prescription.

If you have a severe reaction or any concern about irritation, stop using any new products and seek medical advice.

Always use our products in accordance with instructions. As Aluminé® products contain potent dosages of key active ingredients and botanicals, do not overapply products, and follow the recommended cleansing process.

### Where are Aluminé® products manufactured?

We manufacture all our Aluminé products in the United States and Europe.

#### CHINESE HERBS™ STIMULATING SHAMPOO

**Ingredients / Ingrédients :** Aqua, Cocamidopropyl Betaine, Ammonium Cocoyl Isethionate, PPG-2 Hydroxyethyl Coco/Isostearamide, Sodium Chloride, Sodium Cocoamphoacetate, Lauryl Glucoside, Sodium PCA, Malus Domestica Fruit Cell Culture Extract, Mentha Piperita Oil, Panthenol, Sodium Carboxymethyl C10-16 Alkyl Glucoside, Disodium Cocoyl Glutamate, Lavandula Angustifolia Oil, Hydrolyzed Oat Protein, Hydrolyzed Soy Protein, Hydrolyzed Wheat Protein, Urtica Dioica Extract, Eucalyptus Globulus Leaf Oil, Melissa Officinalis Leaf Extract, Vitis Vinifera Leaf Extract, Punica Granatum Extract, Camellia Sinensis Extract, Sodium Phytate, Aloe Barbadensis Leaf Extract, Codonopsis Tangshen Root Extract, Glycyrrhiza Glabra Root Extract, Paeonia Albiflora Root Extract, Polygonum Multiflorum Extract, Prunus Persica Kernel Extract, Biotin, Simmondsia Chinensis Seed Oil, Zingiber Officinale Root Extract, Scutellaria Lateriflora Extract, Eugenia Caryophyllus Bud Oil, Foeniculum Vulgare Seed Extract, Glycerin, Xanthan Gum, Lecithin, Quaternium-80, Propylene Glycol, Tocopheryl Acetate, Citric Acid, Caramel, Alcohol, Sodium Benzoate, Sodium Formate, Potassium Sorbate, Phenoxyethanol, DMDM Hydantoin, Limonene, Linalool.

#### CHINESE HERBS™ STIMULATING CONDITIONER

**Ingredients / Ingrédients :** Aqua, Cetearyl Alcohol, Glycerin, Panthenol, Hydrolyzed Soy Protein, Hydrolyzed Wheat Protein, Mentha Piperita Oil, Mentha Arvensis Leaf Oil, Lavandula Angustifolia Oil, Caramel, Hydrolyzed Oat Protein, Eucalyptus Globulus Leaf Oil, Algae Extract, Aloe Barbadensis Leaf Juice, Citrus Limon Fruit Extract, Acer Saccharum Extract, Citrus Aurantium Dulcis Fruit Extract, Quillaja Saponaria Bark Extract, Vitis Vinifera Fruit Extract, Codonopsis Tangshen Root Extract, Glycyrrhiza Glabra Root Extract, Paeonia Albiflora Root Extract, Polygonum Multiflorum Extract, Prunus Persica Kernel Extract, Biotin, Zea Mays Oil, Glyceryl Stearate, Behentrimonium Methosulfate, Cetrimonium Chloride, Hydroxyethylcellulose, Butylene Glycol, Isopropyl Alcohol, Aminomethyl Propanol, Benzophenone-4, Glyceryl Oleate, Citric Acid, Phenoxyethanol, Caprylyl Glycol, Sodium Benzoate, CI 75120, Linalool.

#### CHINESE HERBS™ REGENERATING SCALP SERUM

**Ingredients / Ingrédients :** Aqua, Butylene Glycol, Glycerin, Polysorbate 20, Niacinamide, Sodium PCA, Arginine, Acetyl Tyrosine, Zinc Gluconate, Mentha Piperita Oil, Mentha Arvensis Leaf Oil, Hydrolyzed Soy Protein, Allantoin, Lavandula Angustifolia Oil, Hydrolyzed Wheat Protein, Hydrolyzed Oat Protein, Eucalyptus Globulus Leaf Oil, Menthol, Sodium Ascorbyl Phosphate, PPG-26-Buteth-26, Swertia Japonica Extract, PEG-4ate, Tocopheryl Acetate, Pyridoxine HCl, Malus Domestica Fruit Cell Culture Extract, Biotin, Panax Ginseng Root Extract, Arctium Majus Root Extract, Xanthan Gum, Apigenin, Oleoic Acid, Algae Extract, Biotinoyl Tripeptide-1, Alcohol, Codonopsis Tangshen Root Extract, Glycyrrhiza Glabra Root Extract, Paeonia Albiflora Root Extract, Polygonum Multiflorum Extract, Prunus Persica Kernel Extract, Aloe Barbadensis Leaf Extract, Simmondsia Chinensis Seed Oil, Urtica Dioica Extract, Melissa Officinalis Leaf Extract, Vitis Vinifera Leaf Extract, Punica Granatum Extract, Camellia Sinensis Leaf Extract, Zingiber Officinale Root Extract, Scutellaria Lateriflora Extract, Eugenia Caryophyllus Bud Oil, Foeniculum Vulgare Seed Extract, Panthenol, Calcium Pantothenate, Hydroxyethylcellulose, Polyquaternium-11, PEG-12 Dimethicone, Sodium Starch Octenylsuccinate, Maltodextrin, Lecithin, Citric Acid, Caramel, Caprylyl Glycol, Phenoxyethanol, Sodium Benzoate, Limonene, Linalool.

## ALUMINÉ® SOY & BAOBAB OIL HYDRATING SHAMPOO & CONDITIONER

**Ingredients / Ingrédients :** Aqua, Sodium C14-16 Olefin Sulfonate, Pelargonium Graveolens Flower/Leaf/Stem Water, Cocamidopropyl Betaine, Disodium Laureth Sulfosuccinate, Sodium Chloride, PEG-120 Methyl Glucose Diolate, PEG-40 Hydrogenated Castor Oil, Panthenol, Phenoxyethanol, Parfum, Hydroxypropyl Guar Hydroxypropyltrimonium Chloride, Hydrolyzed Soy Protein, Sodium PCA, Citric Acid, Caprylyl Glycol, Adansonia Digitata Seed Oil, Soy Amino Acids, Caramel, Urtica Dioica Extract, Butylene Glycol, Polysorbate 20, Hydrastis Canadensis Root Extract, Rosa Canina Extract, Chamomilla Recutita Extract, Yucca Schidigera Extract, Niacinamide, Sodium Starch Octenylsuccinate, Maltodextrin, Calcium Pantothenate, Sodium Ascorbyl Phosphate, Pyridoxine HCl, Tocopheryl Acetate, Simmondsia Chinensis Oil, Silica, Potassium Sorbate, Benzyl Benzoate, Cinnamal, Eugenol, Limonene, Linalool, Alpha-Isomethyl Ionone.

**Ingredients / Ingrédients :** Aqua, Pelargonium Graveolens Flower/Leaf/Stem Water, Cetearyl Alcohol, Zea Mays Corn Oil, Glyceryl Stearate, Beta-Carotene, Behentrimonium Methosulfate, Phenoxyethanol, Glycerin, Caprylyl Glycol, Hydroxyethylcellulose, Cetrimeronium Chloride, Panthenol, Adansonia Digitata Seed Oil, Parfum, Carthamus Tinctorius Oil, Hydrolyzed Soy Protein, Benzophenone-4, Soy Amino Acids, Phytantriol, Caramel, Hydrastis Canadensis Root Extract, Aminomethyl Propanol, Citric Acid, Butylene Glycol, Polysorbate 20, Urtica Dioica Extract, Rosa Canina Extract, Chamomilla Recutita Extract, Niacinamide, Sodium Starch Octenylsuccinate, Maltodextrin, Calcium Pantothenate, Sodium Ascorbyl Phosphate, Pyridoxine HCl, Tocopheryl Acetate, Yucca Schidigera Extract, Simmondsia Chinensis Oil, Silica, Potassium Sorbate, Limonene, Linalool, Alpha-Isomethyl Ionone.

## ALUMINÉ® BAMBOO NECTAR SHINE ENHANCING SHAMPOO & CONDITIONER

**Ingredients / Ingrédients :** Aqua, Lauryl Glucoside, Pelargonium Graveolens Flower/Leaf/Stem Water, Cocamidopropyl Hydroxysulfate, Lauramidopropyl Betaine, Cocamide Mipa, Sodium Cocoyl Glutamate, Disodium Laureth Sulfosuccinate, Disodium Lauryl Sulfosuccinate, Glycerin, Phenoxyethanol, Guar Hydroxypropyltrimonium Chloride, Panthenol, Caprylyl Glycol, Parfum, Orbignya Speciosa Oil, Sodium Chloride, Citric Acid, Astrocaryum Murumuru Seed Butter, Glucosamine HCl, Glycine Soja Extract, Elaeis Guineensis Fruit Extract, Pisum Sativum Extract, Oryza Sativa Extract, Bambusa Vulgaris Extract, Chamomilla Recutita Extract, Hydrastis Canadensis Root Extract, Urtica Dioica Extract, Rosa Canina Extract, Simmondsia Chinensis Extract, Biotin, Methylchloroisothiazolinone, Methylisothiazolinone, Potassium Sorbate, EDTA, Niacinamide, Sodium Starch Octenylsuccinate, Calcium Pantothenate, Maltodextrin, Sodium Ascorbyl Phosphate, Tocopheryl Acetate, Pyridoxine HCl, Silica, Sorbic Acid, T-Butyl Hydroquinone, Chlorphenesin, Benzoic Acid, Amyl Cinnamal, Butylphenyl Methylpropional.

**Ingredients / Ingrédients :** Aqua, Cetearyl Alcohol, Pelargonium Graveolens Flower/Leaf/Stem Water, Behentrimonium Chloride, Glyceryl Stearate, Phenoxyethanol, Panthenol, Caprylyl Glycol, Hydroxyethylcellulose, Glycerin, Parfum, Arginine, Persea Gratissima Oil, Orbignya Speciosa Kernel Oil, Astrocaryum Murumuru Seed Butter, Glucosamine HCl, Glycine Soja Extract, Elaeis Guineensis Fruit Extract, Pisum Sativum Extract, Phytantriol, Oryza Sativa Extract, Bambusa Vulgaris Extract, Chamomilla Recutita Extract, Hydrastis Canadensis Root Extract, Urtica Dioica Extract, Rosa Canina Extract, Simmondsia Chinensis Extract, Potassium Sorbate, EDTA, Sorbic Acid, Sodium Hydroxide, Niacinamide, T-Butyl Hydroquinone, Chlorphenesin, Sodium Starch Octenylsuccinate, Maltodextrin, Calcium Pantothenate, Benzoic Acid, Sodium Ascorbyl Phosphate, Pyridoxine HCl, Tocopheryl Acetate, Silica, Amyl Cinnamal, Butylphenyl Methylpropional, Biotin.

## ALUMINÉ® ARGAN & MACADAMIA OIL ULTRA SMOOTHING SHAMPOO & CONDITIONER

**Ingredients / Ingrédients :** Aqua, Sodium C14-16 Olefin Sulfonate, Cocamidopropyl Betaine, Sodium Chloride, Glycol Stearate, Cocamide MEA, Glyceryl Stearate, Parfum, Pelargonium Graveolens Flower/Leaf/Stem Water, Phenoxyethanol, Caprylyl Glycol, Panthenol, Guar Hydroxypropyltrimonium Chloride, Olea Europaea Fruit Oil, Persea Gratissima Oil, Polyquaternium-71, Citric Acid, Glycerin, Hydrastis Canadensis Root Extract, Santalum Album Extract, Phellodendron Amurense Extract, Olea Europaea Leaf Extract, Persea Gratissima Extract, Argania Spinosa Oil, Butylene Glycol, Hordeum Distichon Extract, Macadamia Integrifolia Seed Oil, Chamomilla Recutita Extract, Niacinamide, Maltodextrin, Sodium Starch Octenylsuccinate, Calcium Pantothenate, Sodium Ascorbyl Phosphate, Pyridoxine HCl, Tocopheryl Acetate, Yucca Schidigera Extract, Silica, Simmondsia Chinensis Oil, Tocopheryl, Potassium Sorbate, Hexyl Cinnamal, Limonene, Linalool, Geraniol.

**Ingredients / Ingrédients :** Aqua, Cetearyl Alcohol, Pelargonium Graveolens Flower/Leaf/Stem Water, Glyceryl Stearate, Parfum, Behentrimonium Methosulfate, Glycerin, Phenoxyethanol, Caprylyl Glycol, Cetrimeronium Chloride, Hydroxyethylcellulose, Persea Gratissima Oil, Olea Europaea Fruit Oil, Rice Amino Acids, Hydrolyzed Wheat Starch, Hydrolyzed Wheat Protein, Cinnamidopropyltrimonium Chloride, Polyquaternium-71, Panthenol, Dimethicone PEG-8 Meadowfoamate, Phytantriol, Oryza Sativa Starch, Hydrastis Canadensis Root Extract, Persea Gratissima Extract, Olea Europaea Leaf Extract, Butylene Glycol, Argania Spinosa Oil, Macadamia Integrifolia Seed Oil, Citric Acid, Polysorbate 20, Urtica Dioica Extract, Rosa Canina Extract, Chamomilla Recutita Extract, Niacinamide, Sodium Starch Octenylsuccinate, Maltodextrin, Calcium Pantothenate, Sodium Ascorbyl Phosphate, Pyridoxine HCl, Tocopheryl Acetate, Yucca Schidigera Extract, Simmondsia Chinensis Oil, Silica, Tocopherol, Potassium Sorbate, Coumarin, Hexyl Cinnamal, Butylphenyl Methylpropional, Limonene, Linalool, Hydroxyisohexyl 3-Cyclohexene Carboxaldehyde.

## ALUMINÉ® SEA SILK VOLUMISING STYLING MOUSSE

**Ingredients / Ingrédients :** Aqua, Pelargonium Graveolens Flower/Leaf/Stem Water, Sodium Polystyrene Sulfonate, Phenoxyethanol, Disodium Lauroamphodiacetate, PVP, Glycerin, Sodium Chloride, Citric Acid, Hydrolyzed Rice Protein, Parfum, Hydrolysed Algae Extract, Aloe Barbadensis Leaf Juice, Biotin, Chamomilla Recutita Extract, Arctium Lappa Extract, Betula Alba Bark Extract, Salvia Officinalis Extract, Sodium Benzoate, Potassium Sorbate, Actinidia Chinensis Fruit Extract, Trigonella Foenum Graecum Extract, Panthenyl Hydroxypropyl Steardimonium Chloride, Benzyl Benzoate, Benzyl Salicylate, Citronellol, Hexyl Cinnamal, Hydroxyisohexyl 3-Cyclohexene Carboxaldehyde, Limonene.

## ALUMINÉ® GOJI BERRY AMPLIFYING TREATMENT MIST

**Ingredients / Ingrédients :** Aqua, PVP, Panthenol, Polysorbate 20, Phenoxyethanol, Cetrimeronium Chloride, Caprylyl Glycol, Hydrolyzed Wheat Protein/PVP Crosspolymer, Ethylhexylglycerin, Hydrolyzed Soy Protein, Polyquaternium-28, Parfum, Chlorphenesin, Citric Acid, Alcohol, Swertia Japonica Extract, Niacin, Biotin, Glycine Soja Flour, Methyl Glucose Sesquisteate, Phytantriol, Ethyl Nicotinate, Retinyl Palmitate, Tocopheryl Nicotinate, Hydrolyzed Wheat Protein PG-Propyl-Silaneetriol, Aloe Barbadensis Leaf Extract, Chamomilla Recutita Extract, Geranium Maculatum Extract, Echinacea Angustifolia Extract, Cymbopogon Schoenanthus Extract, Rosa Canina Extract, Hamamelis Virginiana Extract, Achillea Millefolium Extract, Mentha Piperita Extract, Salvia Sclarea Extract, Quercus Alba Bark Extract, Euterpe Oleracea Fruit Extract, Punica Granatum Extract, Glycerin, Sodium Chloride, Potassium Sorbate, EDTA, Benzoic Acid, Sorbic Acid, Tocopherol, Lycium Chinensis Fruit Extract, Smilax Aristolochiaefolia Extract, Benzyl Benzoate, Benzyl Salicylate, Citronellol, Geraniol, Hydroxycitronellal, Hydroxyisohexyl 3-Cyclohexene Carboxaldehyde, Linalool, Limonene, Hippophae Rhamnoides Extract.

### ALUMINÉ® DETOXIFYING CITRUS C FACIAL CLEANSER

**Ingredients / Ingrédients :** Aqua, Decyl Glucoside, Cocamide MEA, Ascorbic Acid, Cocamidopropyl Hydroxysultaine, Glycerin, Chamomilla Recutita Flower Extract, Zea Mays Oil, Simmondsia Chinensis Seed Oil, Triticum Vulgare Germ Oil, Camellia Sinensis Leaf Extract, Aloe Barbadensis Leaf Extract, Rosmarinus Officinalis Leaf Extract, Olea Europaea Leaf Extract, Salix Alba Bark Extract, Keratin Amino Acids, Sodium Hyaluronate, Tocopherol, Panthenol, Linoleic Acid, Beta-Carotene, Polyquaternium-10, PEG-120 Methyl Glucose Dioleate, Dimethyl Lauramine Oleate, Hydrolyzed Wheat Protein, Hydrolyzed Starch, Dimethicone PEG-8 Meadowfoamate, Cetyl Triethylmonium Dimethicone PEG-8 Phthalate, Glycol Stearate, Parfum, Alcohol, Citric Acid, Sodium Chloride, Disodium EDTA, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol, Oxalic Acid, Phenoxyethanol, Potassium Sorbate, Limonene.

### ALUMINÉ® EXFOLIATING PUMPKIN FACIAL SCRUB

**Ingredients / Ingrédients :** Aqua, Disodium Laureth Sulfosuccinate, Cocamidopropyl Betaine, Acrylates Copolymer, Aloe Barbadensis Leaf Juice, Glycerin, Prunus Armeniaca Seed Powder, Quartz, Cucurbita Pepo Seed Oil, Lactobacillus/Cucurbita Pepo Ferment Extract, Lactobacillus Ferment, Mandelic Acid, Malic Acid, Hydrolyzed Soy Protein, Parfum, Stearyl Alcohol, Cetyl Alcohol, Tocopheryl Acetate, Tetrasodium EDTA, Sodium Chloride, Sodium Hydroxide, Phenoxyethanol, Chlorphenesin, Methylchloroisothiazolinone, Methylisothiazolinone, Benzyl Benzoate.

### ALUMINÉ® NOURISHING BURITI OIL MOISTURISER

**Ingredients / Ingrédients :** Aqua, Ethylhexyl Isononanoate, Cetearyl Alcohol, Butylene Glycol, C12-15 Alkyl Benzoate, Diglycerin, Palmitic Acid, Stearic Acid, Isostearic Acid, Mauritia Flexuosa Fruit Oil, Sesamum Indicum Seed Oil, Sorbitan Stearate, Polysorbate 60, Helianthus Annuus Seed Oil, Zea Mays Oil, Macadamia Integrifolia Seed Oil, Olea Europaea Fruit Oil, Wine Extract, Anthemis Nobilis Flower Oil, Allantoin, Hydrolyzed Rice Protein, Glycerin, Persea Gratissima Oil, Saccharomyces/Magnesium Ferment Hydrolysate, Saccharomyces/Potassium Ferment Hydrolysate, Adenosine Triphosphate, Oryza Sativa Bran Oil, Aloe Barbadensis Leaf Extract, Camellia Oleifera Leaf Extract, Liliun Candidum Flower Extract, Polygonum Cuspidatum Extract, Tocopheryl Linoleate/Oleate, Tocopheryl Acetate, Dimethicone, Aminomethyl Propanol, Carbomer, Benzophenone-3, Caprylyl Glycol, Phenoxyethanol, Chlorphenesin, Potassium Metabisulfite, Potassium Sorbate, Sorbic Acid, Citronellol, Geraniol, Limonene, Linalool.

### ALUMINÉ® OVERNIGHT AGE-DEFYING FACIAL TREATMENT

**Ingredients / Ingrédients :** Aqua, Glycerin, Caprylic/Capric Triglyceride, Sodium Ascorbyl Phosphate, Cetyl Ethylhexanoate, DMAE Bitartrate, Dimethicone, Cetyl Alcohol, Cetearyl Alcohol, Ceteareth-20, Butylene Glycol, Glyceryl Stearate, PEG-100 Stearate, Polysorbate 60, Thiocic Acid, Brassica Campestris/Aleurites Fordii Oil Copolymer, Tocopheryl Acetate, Dipotassium Glycyrhizate, Aloe Barbadensis Leaf Juice Powder, Ubiquinone, Tyrosine, Polysorbate 20, Cyathea Cumingii Leaf Extract, Hydrolyzed Wheat Protein, Solanum Lycopersicum Extract, Kaolin, Lycium Barbarum Fruit Extract, Malus Domestica Fruit Cell Culture Extract, Camellia Oleifera Leaf Extract, Chamomilla Recutita Flower Extract, Glycosaminoglycans, Sodium Hyaluronate, Parfum, Hydrolyzed Starch, Sorbitan Stearate, Allantoin, Xanthan Gum, Lecithin, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol, Tetrasodium EDTA, Phenoxyethanol, Potassium Sorbate, Limonene.

### ALUMINÉ® BRIGHTENING EMBLICA EYE CREAM

**Ingredients / Ingrédients :** Aqua, Glycerin, Butyrospermum Parkii Butter, Caprylic/Capric/Myristic Stearic Triglyceride, Cetyl Alcohol, Persea Gratissima Oil, Jojoba Esters, Emblica Officinalis Fruit Extract, Kojic Acid, Glyceryl Stearate, Dimethicone, Sodium Potassium Aluminum Silicate, Panax Ginseng Root Extract, Spirulina Maxima Extract, Sodium Hyaluronate, Aloe Barbadensis Leaf Extract, Anthemis Nobilis Flower Extract, Cucumis Sativus Fruit Extract, Avena Sativa Kernel Extract, Palmitoyl Pentapeptide-4, Polysorbate 20, Cetyl Phosphate, Palmitic Acid, Stearic Acid, Sclerotium Gum, Sodium PCA, Tocopheryl Acetate, Lactic Acid, Butylene Glycol, Carbomer, Caprylyl Glycol, Sodium Hydroxide, Panthenol, Titanium Dioxide, Citric Acid, Silica, Bisabolol, Phenoxyethanol, Ethylhexylglycerin, Hexylene Glycol.

### ALUMINÉ® OVERNIGHT AGE-DEFYING EYE SERUM

**Ingredients / Ingrédients :** Aqua, Glycerin, Glycereth-26, Cyclopentasiloxane, Cyclohexasiloxane, Butylene Glycol, Carbomer, Algae Extract, Artemisia Vulgaris Extract, Sodium Ascorbyl Phosphate, Echinacea Purpurea Extract, Coralliina Officinalis Extract, Cyathea Cumingii Leaf Extract, Lycium Barbarum Fruit Extract, Camellia Oleifera Leaf Extract, Malus Domestica Fruit Cell Culture Extract, Dipotassium Glycyrhizate, Glycyrrhiza Glabra Root Extract, Lavandula Angustifolia Oil, Urea, Glucosamine HCl, Sodium Hyaluronate, Saccharomyces Cerevisiae Extract, Ceratonia Siliqua Gum, Chlorella Vulgaris Extract, Plankton Extract, Glycosaminoglycans, Polystyrene Sulfonate, Glyceryl Acrylate/Acrylic Acid Copolymer, Dimethicone, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol, Triethanolamine, Sodium Phenoxyethanol, Xanthan Gum, Citric Acid, Lecithin, Tetrasodium EDTA, Potassium Sorbate, Linalool.

\*By signing above, Customer acknowledges that he/she has read and agrees that this invoice confirms a contract for the purchase of Benevita Products by Customer from the named Independent Business Owner, who is an independent seller of ACN Products and is not an agent or employee of ACN. Payment has been made directly to the Independent Business Owner. Customer has 14 days to withdraw from this contract and return the purchased products for a full refund, as further explained on the reverse of this invoice. If the purchase was concluded at the home of Customer, Customer confirms he/she invited the Independent Business Owner to his/her home for the purpose of purchasing Benevita Products.

ACN is a member of Seldia, the European Direct Selling Association and the Direct Selling Association Ltd. (UK DSA) and requires its Independent Business Owner to comply with the Seldia Code of Conduct and the UK DSA Code of Practice for Consumers and Code of Business Conduct.

For more information about Benevita Products, go to: [www.benevita.eu](http://www.benevita.eu)

**One copy of this completed invoice must be provided to Customer and an identical copy retained by the Independent Business Owner.**

# INSTRUCTIONS FOR EXERCISING THE RIGHT OF WITHDRAWAL

benevita®

## Right to Withdraw

Customer has the right to withdraw from this agreement within 14 days without giving a reason ("Withdrawal Period"). The Withdrawal Period will expire 14 days after Customer receives the Benevita Products. To exercise the right of withdrawal, Customer must inform the Independent Business Owner from whom he/she purchased the goods of his/her decision to withdraw before the Withdrawal Period has expired by sending a written notice of withdrawal to the Independent Business Owner. Notice of withdrawal should **not** be sent to ACN.

## Effects of Withdrawal

If Customer withdraws from this agreement, the Independent Business Owner will reimburse any payment received from Customer, including VAT, within 14 days from the date on which Customer informed the Independent Business Owner of his/her decision to withdraw, using the same means of payment that Customer used to pay for the products, provided that Customer has returned the products to the Independent Business Owner at Customer's cost, or provided evidence that Customer has shipped the products to the Independent Business Owner. Customer is liable for any diminished value of the goods resulting from Customer's handling of them. This means that the goods must be undamaged, unopened and with all seals and packaging intact in order to receive a refund.

## MODEL WITHDRAWAL FORM

(Complete and return this form to the ACN Independent Business Owner only if Customer wishes to withdraw from this contract. Customers may use this form but are not required to do so.)
