Year in Review

"The difference between a successful person and others is not a lack of strength, not a lack of knowledge, but rather a lack in will."

Vince Lombardi

Hello Everyone!

2008 is officially in full swing! It's hard to believe another year has passed – and what a year it was. Literally everything that ACN promised you – and then some – became a reality in 2007.

I want to start this year by ensuring your mindset is properly positioned for success. I think Vince Lombardi put it best in his quote above. Vince is widely recognized as one of the best coaches that ever was or ever will be, and he certainly knows what it takes to get to the top of his game. When it comes to being successful, it's not knowledge, strength or even experience for that matter. It's pure, simple will.

And this couldn't be more true for your opportunity at ACN. In fact our entire opportunity is based on "no experience necessary". It's not how much you know, it's how hard you are willing to work. Success at ACN is all about getting your head and your heart in the right place. And this applies no matter how long you've been in ACN or how successful you are. It's easy to lose sight of the big picture, and it's certainly easy to get wrapped up in the details. So start 2008 by positioning your mindset for success.

In fact, having the proper mindset has never been more important than right now, because 2008 is going to blow you away. As ACN gears up to celebrate our 15-year anniversary, I assure you that this will be one of the most influential years in our history. This is the year we lay the groundwork for many years to come; this is the year it all begins at ACN, the year it all comes together. The products and services, the compensation...everything...it's all going to be bigger and better in 2008.

I just returned from the Consumer Electronics Show in Las Vegas. Not only did I see some truly exciting technologies, but this event further cemented the fact that ACN is exactly where we need to be. Just like the electronics industry itself, ACN too is constantly evolving and seeking out the next wave of the future in telecommunications. And you are perfectly positioned to take advantage of it all.

Just look at ACN's success in the Digital Phone Service arena; not to mention video phones. Without spending millions of dollars in marketing; without any traditional advertising, ACN has become the largest distributor of video phones in the entire world! We are literally changing the way the world looks at traditional business... and changing the way consumers shop for services. This just further proves how powerful the ACN distribution channel is. And the best news is...we're just getting started! 2008 will become a history making year for ACN in Europe where we plan to roll-out our own VoIP services with videophones in most of the countries we operate in.

ACN also recently announced the launch of Wireless services in Canada, powered by Telus Mobility. Through this partnership, representatives can offer customers wireless service over the largest and fastest network in Canada.

The imminent launch of mobile in France was announced at the recent French National Event in Marseille. Through ACN's exciting new partnership with The Phone House, French representatives will soon be able to market mobile service and handsets of all major mobile service providers in France. And we intend to make this new winning strategy available to more European countries during the course of the year.

And what about Satellite TV? ACN just announced the launch of Satellite TV in the U.S. It doesn't get much more popular than TV! This is a product that truly sells itself.

These product announcements are so exciting that I could literally stop writing right here. This should be enough news to keep you energized well into 2008. But like I said before...this is only the beginning.

This year our representatives around the world will see the arrival of two brand new tools.

ACN will be featured in the Success From Home Magazine – both in the European and North American editions. The entire issue will be dedicated to the ACN Opportunity, and speak volumes about our reputation as the world's premier home based business opportunity.

In addition, ACN will also introduce a brand new Opportunity Dual Disc. This disc will feature completely new content including a new opportunity video, as well as lifestyle success stories from some of ACN's top representatives – and more. How powerful would it be for your recruits to spend a day with Jonas Rappe? What if you could take friends and family behind the scenes in the lifestyle of Art Napolitano, George Zalucki and Françoise Monfray?

I could go on and on about the exciting things to come at ACN this year, but I would certainly run out of room first. There is so much going on at ACN right now and the year has just begun. Therefore, the best way to stay connected this year, and to stay focused on all these exciting things is by attending every, single ACN International Event in 2008. You cannot afford to miss even one. These events will be the primary way we communicate with you throughout the year, so commit to every event. Your mindset – and your success – depends on it.

I've truly never been more excited about ACN than I am right now. And I have never been more excited for each and every one of you too. I want you to ask yourself one question as you head into 2008. Are you at the top of your game? Are you focusing on the circumstances or are you focusing on success? All you have to do to succeed this year is to have 100% belief in yourself and in the ACN system. Get your head and your heart in the right place, have a will to win – and it will be impossible for you not to succeed.

And remember, this is the time of year we can wipe the slate clean and start fresh. It's a new year and it can be a new you. Just put one foot in front of the other, set some aggressive goals, grab hold of those goals and don't let go – and I know I will see you at the top of your game!

Grow, Grow, Grow!

Ready and raring to go this quarter, ACN Asia Pacific kicked off with the introduction of two incredible new mobile plans - mycircle mini 19 and mycircle mini 29. These fantastic new mobile plans offer generous included value for a mini monthly fee, and with the added benefit of ACN-2-ACN Talk Free – bonus free minutes for 5 minute calls to any ACN home or business phone or ACN mobile any time of the day or night – ACN has demonstrated yet again how competitive we remain in the region.

October's National Training Weekend has left lasting impressions with all who attended. The crowd at Sydney's Exhibition and Convention Centre were truly captivated with the incredible training from Asia Pacific's

Top Producers and ACN Co-Founder Tony Cupisz' awe inspiring business enhancing announcements. The weekend had proven to be another successful opportunity for Representatives to acquire the skills needed to achieve their goals and ACN is proud to have shared the excitement with all attendees.

This quarter also delivered the promotions of John Grant, Denny & Elizabeth Hodgson, Yong Wei Shen, Betty Christie, and Frances & Memory Ahec to the distinguished position of Regional Vice President! Their hard work and determination is an inspiration to aspiring Representatives, and ACN looks forward to supporting all Representatives in reaching their goals for 2008.

Without a doubt, the headliner this quarter was the explosive \$0 mobile handset offer that wowed Representatives throughout the region! For the first time ever, ACN Asia Pacific offered all Customers and Representatives the opportunity to choose from an expansive range of free mobile handsets if they signed up to any of ACN's mycircle or mycircle mini caps on a 24 month contract. This promotion provided Representatives not only a new and exciting market opportunity, but also an opportunity to improve residual income by locking in customers to a 24 month plan with ACN.

In North America, the ACN Opportunity exploded in every way imaginable during the fourth quarter. From a life-changing International Training Event to new products and tools for representatives, it was an exciting way to end the year and prepare for a promising 2008.

ACN's revolutionary Digital Phone Service landed on the shores of Hawaii in October, providing the Aloha State with great benefits, including low monthly rates and unlimited calling to the U.S., Canada and Puerto Rico. In addition, Digital Phone Service includes incredible features not available with traditional phone service.

Representatives throughout North America also enjoyed the addition of new DSL plans. In Canada, ACN launched Digital Phone Service PLUS DSL in Ontario and Québec, giving customers the convenience of one provider and one bill for both of their needs. In the U.S., representatives in 12 Verizon territories began taking advantage of ACN's partnership with the industry leader on two new DSL Internet Access plans.

As part of ACN's commitment to providing resources to help grow their businesses, ACN unveiled new product flyers that make it easy to show customers the advantage of ACN's products.

The flyers are available online and are updated regularly with an overview of ACN products as well as individual product overviews.

ACN closed out the year with an International Training Event in Salt Lake City, Utah, where representatives were greeted with snow as well as news on a thrilling December to Remember bonus promotion and a special Video Phone pricing promotion. The event also set the stage for 2008 with details on exciting new products to be launched in the new year.

Leadership Certification Conference **in Amsterdam**

There was a great buzz of excitement at ACN's European headquarters in Amsterdam, on Friday 1st February as the first Leadership Certification Conference of 2008 kicked off. The 2 day conference was geared towards top producing Team Coordinators with the intention of providing tomorrow's leaders with top level training and the essential tools to break new ground and lead their teams to success.

The number of attendees was limited to 70 to provide representatives with an intimate setting to get to know one of the ACN Co-Founders and corporate staff. We had a truly international group with attendees from Italy, Spain, Poland, France, Sweden, Denmark, Norway, The Netherlands, Germany, Austria and Switzerland.

Mike Cupisz shared ACN's vision for 2008 with attendees. He talked about the plan for the launch of ACN's own VoIP network in Europe and got everyone excited as they were the first international group to see a picture of the next generation videophone. He also provided an in depth training on Building Momentum.

The representatives in attendance were delighted to be addressed by Robert Stevanovski via videophone, who expanded further on ACN's exciting plans for 2008. Wayne Holbrook also addressed the group with two intriguing trainings – Developing the right mindset and tips on how to profile leaders.

In addition, attendees had the opportunity to tour the Amsterdam office and hear from key corporate executives in product, business development, marketing and compliance.

By the end of the second day, our up and coming leaders felt motivated and confident – armed with new tools and techniques to take on anything – in particular, catapulting their ACN business to the next level.

Future Leadership Certification Conferences, some language specific, are currently being scheduled and will be announced soon.

VoIP

A PICTURE
CAN BE WORTH
A THOUSAND
WORDS...

The term “Voice over Internet Protocol” (VoIP) may sound intimidating to some, but the technology is actually surprisingly easy to use, in fact, you can even continue to make phone calls using the same standard telephone! Europeans are leading the way in this technological evolution with countries such as France, the Netherlands and Germany recently experiencing some of the fastest VoIP subscriber growth worldwide.*

There are many advantages of using a VoIP service, not only does it typically cost less than a traditional phone line, but there are also a number of features only made possible as a result of this new technology. What’s more, the forthcoming ACN VoIP network will be optimised for Videophones, bringing new meaning to the popular expression ‘a picture is worth a thousand words’.

In less than a year, ACN has become an industry leader as the biggest marketer of Videophones in the world! Considering the ACN Videophone is only currently available in Canada and the United States, that feat is particularly impressive. With the VoIP market growing exponentially throughout Europe, and at a much faster pace than North America, ACN is especially excited to launch this innovative product in 2008 and further solidify our position as a global market leader.

Here are just a few examples that illustrate how the ACN Videophone service can help change the way we communicate...

- Watch your grandchildren grow, no matter where they are
- Never lose sight of your close friend, no matter how much distance is between you
- Enhance your business meetings by using your Videophone with a projector

Many people using the ACN Videophones every day are discovering that a picture really can be worth a thousand words!

Just imagine the impact that this new product will have in the European market!

A series of ACN in Actions have already been sent out which touch on various VoIP related topics, helping you prepare your business for this exciting launch in the coming months.

ALL THAT'S MISSING IS YOU!

ACN's most distinguished leaders from all over the globe will soon be converging in Mexico for the 2008 Global Leadership Retreat. It is a fitting reward reserved for a group of individuals who consistently perform at the highest level while serving as the perfect role models for their respective networks.

The Riviera Maya is the destination for the 2008 Global Leadership Retreat where all participants will stay in the world exclusive Paradisus Riviera Cancun Resort. This ultimate all-inclusive village beach resort which recreates a Mayan Village ambience with its narrow paths and charmingly private, three story oceanfront bungalows is the perfect setting for ACN's top producers. Vacationers are drawn to this resort for its all-suite accommodations, lavish spa, gourmet dining, and beautiful beach setting surrounded by swaying palms.

Let's not forget that all attendees are also given the opportunity to spend personal time with the Co-Founders of ACN and their fellow top producers. The networking available exclusively through these annual retreats provides representatives with an even stronger understanding of the vision and integrity behind ACN, while adding fresh insight into new techniques for building their businesses when they return home.

ACN'S GLOBAL LEADERSHIP RETREAT REWARDS:

- RVPs with open line TT production of 1,000 TTs
- 2008 Circle of Champions members
- In order to attend the Retreat, all qualified representatives must also be in adherence of the ACN Philosophy and receive an invitation from ACN.
- Each member is invited to bring a guest, and ACN picks up the bill for six days of fun, including coach airfare, group meals, group excursion and accommodations!
- Important Note: ACN covers expenses for two people although other team members (under the same Team ID Number) are welcome to attend at their own expense.

New Product
Enhancements

In recent months 2007 may have been coming to an end but that doesn't mean that ACN slowed down the launch of new products!

The Portuguese Representative launch for ACN Line Rental occurred at the end of November with the Customer launch taking place in late January, completing our fixed line services portfolio in that country.

New price reductions were also announced for select ACN high speed Internet plans in both Germany and Switzerland, to help ensure that we remain competitive in those markets.

Two new calling plans, ACN Sempre and ACN Total were launched in Italy and are among the most competitive in that market! A unique new calling plan, ACN Family Time was also introduced in Denmark. The ACN Family Time plan is the first of its kind in the Danish market, combining 1000 off peak minutes to fixed line numbers at no charge while enabling customers to make peak time calls for a low per call rate, all for no monthly plan fee. New rates also went into effect in the U.K. and Polish markets in December.

With the upcoming launch of the new European ACN VoIP network, 2008 promises to be an exciting year with numerous product launches. There has never been a more opportune time to be part of the ACN family!

ACN'S ONLINE BUSINESS SUPPORT TOOLS

THEY ARE THE TALK OF THE INDUSTRY!

What if someone was to tell you that you could create your very own personalised ACN website where you could submit your personal success story, feature a world class endorsement, obtain exclusive rights to all of ACN's most sought after videos and manage your leads like never before? What if that same someone also mentioned that there is actually a tool out there that has the ability to manage your hierarchy and downline structures as well as six additional reports ranging from T-CABS all the way to event registrations? And what if they threw in the fact that you could be receiving every month ACN's powerful Opportunity Disc featuring Donald J. Trump right to your home at an exceptionally low cost by just pre-ordering once?

Would you go for it?

You better believe you would!

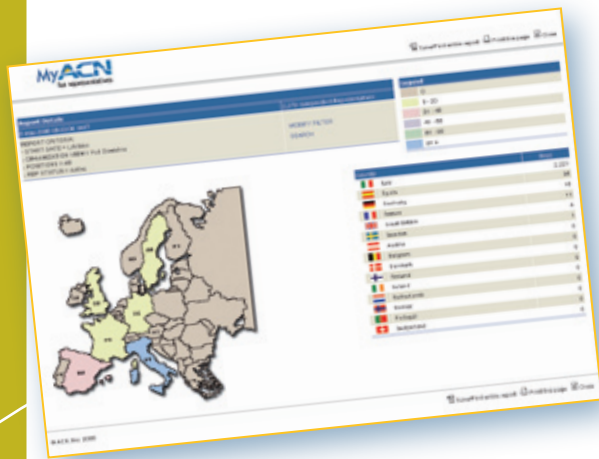

◀ IT'S TIME TO TELL YOUR STORY

Distributor Websites are a personalised online tool that is ideal for promoting the ACN Opportunity on your behalf. The website is continuously updated and features ACN's once in a lifetime endorsement of Donald J. Trump, exclusive video rights, language options and product details. Additionally, ETTs and above have the luxury of submitting their very own personal success story.

Here is a part of the incredible story currently featured on the Distributor Website of Regional Vice Presidents & Circle of Champions members Florence Pettet & John Macdougall:

► PRESIDENT'S
CLUB RETREAT
APRIL 2008

THE PERFECT MEETING POINT!

► WHO'S INVITED?

The retreat is designed for President's Club members who have earned a minimum goal of 250 qualified Team Trainers in their TC open line organisations that started during the calendar year (January – December 2007). (RVPs who qualify for both the RVP and President's Club Retreat are invited to attend ACN's RVP Retreat.)

► WHAT'S INCLUDED?

Each President's Club member is invited to bring one guest, and we will pick up the tab for four days of fun, including coach airfare, group meals, group excursion and accommodations! In order to attend the retreat, all qualified representatives must also be in adherence of the ACN Philosophy and receive an invitation from ACN.

For the 2008 President's Club Retreat, ACN will once again be inviting its qualified representatives to spend four eventful days in the stunning municipality of Monte Carlo. The retreat is a well deserved getaway reserved for a special group of ACN Representatives whose past and present exploits continue to redefine the true meaning of leadership. This is an exceptional opportunity for Europe's extremely talented assembly of Team Coordinators & above to celebrate impressive achievements while enjoying the fruits of their labor.

Monte Carlo, Monaco is the ideal setting for ACN's finest as its world wide reputation of glamour and its picture perfect location creates the ideal atmosphere for Europe's success stories. The beautiful Monte Carlo Bay Hotel & Resort will be home to each prominent President's Club member for the duration of their trip as they enjoy the sights and sounds along the Cote d'Azur.

Participants will also benefit from a unique training session with an ACN Co-Founder, adding fresh insight to new techniques and acquiring even more knowledge for fresh challenges ahead.

ETT ON
THE MOVE

The most successful Executive Team Trainer in all of Europe in the 4th quarter of 2007 was not going to be swayed by a lack of network marketing experience when the defining moment in her life happened to her

not so long ago. After trying her hand at various career paths, she hadn't quite found her niche – until network marketing came along. It just seemed to fit in with her lifestyle so easily. A phone call from an acquaintance, an introduction to an incredible business concept gaining world wide momentum on a daily basis and the sense to join ACN immediately was about to change everything.

“Every day is different. Every morning brings along a special miracle, one’s own magic moment, where old universes are destroyed and

new stars are born. All battles, even the ones we lose, teach us something. Only one thing can impede a dream: the fear to fail. The world is in the hands of those who dare to dream and take the risk to live their dreams, everyone with their own talent. This thought by Coelho I keep in my heart and in my mind.”

Elisa is already feeling right at home with her change in profession and is especially enamoured with the new lifestyle that accompanies the switch to ACN. Many new friends have been made who share the same positive nature and strong desire to succeed and she recommends that anyone who is serious about their business should join her at all international events to really experience the explosive yet sincere atmosphere of this great Opportunity.

“You have the opportunity to get together with thousands of people who want to change their lives. By being in contact with positive people and trading experiences, I could see beyond my own world and I realised that the little world around me was often filled with dishonesty and hypocrisy.”

CHRISTIAN
 ESSENGUE
 FRANCE

Most of you are probably thinking how familiar this quarter's ETL on the move looks. That's because he was featured in the previous quarterly as our ETT on the move. This rising ACN leader is clearly on the move having effortlessly reached both these positions in record time.

As a commercial director in the audio-visual field, with a team of 60 people under him, Christian Essengue from France, was well positioned to take on a new challenge. He wanted to own his own business, be financially independent and not have to report to anyone. He found exactly what he was looking for and more in ACN.

With no previous network marketing experience, Christian hit the ground running to make his new venture a success. He followed everything his upline told him, he utilised all the ACN tools at his disposal and he promoted international events wherever he could.

"It is essential to use them everyday in order to get further training and learn but also to train others. My favourite is the Opportunity disc. It is a wonderful employee and a key element to build our network. I set myself the goal of handing out 3 a day to 3 new people who will discover the Opportunity".

Apart from the financial benefits of running your own ACN business, what Christian really enjoys is helping people change their situations for the better. With such a positive mindset, don't be surprised if you see Christian featured as our TC on the move in a future Quarterly magazine.

"For me it is important to remember that there is no guarantee for success. Success is dependent upon the result of our efforts and above all our dedication".

Team Coordinator in 180 days
N'Datinglon Monteiro

TC ON THE MOVE

N'DATINGLON
MONTEIRO
FRANCE

N'Datinglon Monteiro had always wanted to be an entrepreneur. An opportunity arose in the past but the circumstances weren't quite right so instead he pursued a career in Marketing & Communications for a company which organised sporting events. Creating marketing campaigns and searching for sponsors for his company filled his days but his long term ambition of being in charge of his own destiny had not dissipated in the least. Then an unexpected encounter with a friend while en route to his cousin's for dinner ended with an ACN business presentation and his signature on the dotted line.

"When I found out that I could be rewarded for what I am really worth with ACN, I decided to take control of my career. I have always dreamed of being my own boss and this business offered me this possibility. Prior to holding my position as Marketing & Communications Manager, I wanted to build my own business but the required personal financial contribution was too high for me. I already had the mentality of an entrepreneur and I really liked the international business model of ACN."

N'Datinglon has inspired many during his brief yet successful career with ACN which culminated with becoming a Team Coordinator in only 180 days. He takes great pride at serving as a role model for his blossoming network and ensures he listens to every word his upline and others who achieved success have to say. His participation is a given at all International Events and you would be hard pressed to name a business support tool he has yet to employ. N'Datinglon loves to challenge himself and has already set his sights on reaching the very top with ACN. These days he relishes in the fact that the opportunity he has always been searching for has arrived and all because of a dinner date with his cousin that happened to go awry. Destiny works in mysterious ways sometimes.

"Today I have more freedom; I don't worry about money or anything else. This business is a new start; it gave me more freedom and more serenity in everything I do. I never could have imagined encountering such a powerful opportunity in my life."

SPOTLIGHT ON SUCCESS

NICODEME
EDDY TOUKAM
NEWERA NETWORK
FRANCE

An evening spent relaxing at home was pleasantly interrupted by a phone call from a good friend wanting to set up a meeting to discuss a unique business proposition. A café in Marseille turned out to be the setting for an introduction to the highly popular direct selling concept and to the company that is the industry leader in telecommunications. In a matter of hours Nicodeme's future outlook changed and his fear of never finding true happiness was over. Now this French Team Coordinator is one of the most recognisable leaders in all of France and is building an impressive organisation at an incredible pace. In fact one peek at this quarter's Top 50 Team Coordinator report will tell you everything about the development of this charismatic individual.

"I like this opportunity because it gives me the possibility to build something that will enable me to live my life the way it should be lived! I was also attracted by another essential aspect: human relationships. We meet different people every day; we discover the positive aspects of human nature! Thanks to this business, I can travel and discover new places."

Teamwork and humility define Nicodeme as he continues to work

towards helping everyone in his team to succeed in the business. His greatest satisfaction is felt not when he achieves a personal goal but when one of his associates achieve one of their goals with his assistance. This President's Club member's presence is felt at all International and National Events and not a day goes by that Nicodeme is not checking on his immense downline via the Downline Reporting tool. These are exciting times for the number one Team Coordinator in all of Europe in the 4th quarter of 2007 with all that is about to happen in ACN in 2008. And to take advantage of the upcoming year Nicodeme believes it's vital to abide by three simple rules; observe, listen and apply everything that you can from those who have already tasted success in this company. It still works for him.

"Today my dreams are starting to come true; I can finally have in life what I have always dreamed of having! I am living and enjoying the magic of ACN. This is why I love the following quote from Greg Provenzano (President and Co-Founder of ACN): "If you really believe in the concept of ACN, everything will work for you. Your life will go from tragic to magic in an instant!" And I can assure you this is what is really happening to me."

2007 Year

Time sure does fly when you're the world's largest direct seller of telecommunication services. A wider range of products & services, enhancements to ACN's top of the line business tools, three highly influential international events, a new crop of leaders and much more highlighted another incredible twelve months in Europe. The success stories of thousands of ACN Representatives all across Europe continued to take shape while others were started, and although each has a unique beginning, all are destined for a successful conclusion if the desire to excel and the dedication to improve are to continue in 2008.

THE RISE OF VOIP

The year 2007 will forever be remembered as the rise of the VoIP service in Europe. German customers were the first to experience the excitement when ACN launched its High Speed Internet and VoIP services in July. It's no secret that ACN spent much of this past year developing its very own European VoIP network after appointing a dedicated team of experts to carry out the task at hand. The creation of this network is on schedule for 2008 and will support further expansion of VoIP services with videophones across Europe.

ACN also wasted little time capitalising on the deregulation of subscription services across Europe with the launch of line rental in Portugal, France & the Netherlands. This added service has blown open the doors in terms of revenue potential for representatives with businesses in those respective countries while their customers benefit from a cost friendly bundled fixed line service.

THE PROGRAM

The launch of the ACN Auto-Ship program was an enormous success as thousands of representatives signed up for automatic monthly shipments of the ACN Opportunity Disc featuring the world class endorsement of Donald J. Trump. This program allows representatives to receive a desired number of Discs at their doorstep for an incredibly low price month after month. The effect of having on hand one of ACN's most powerful tools was obvious to all who signed up in 2007 as their production soared. You would be hard pressed to find an ACN leader out there right now who has yet to sign up.

THE TOOL AGE

This was a year of transition for many as the use of business tools gained momentum in the everyday business life of an ACN representative thanks in large part to the astronomical effects each and every tool was having on all levels of production. Production reports became heavily populated with representatives boasting unprecedented growth in their businesses after incorporating ACN's vast array of tools into their daily routines and enjoying the obvious subsequent rewards. The trend was obvious.

A big help in this department was the creation of ACN's new Downline Reporting demo & training site, an incredible promotion offering the first month free for anyone wanting to sign up for Distributor Websites and Downline Reporting tools and the inception of the career-exploding Auto-Ship program to name but a few.

INTERNATIONAL EVENTS

ACN continued with its fine tradition of hosting three tantalising international events spread out throughout the year offering tens of thousands the chance to benefit from the best training available anywhere in the network marketing industry. Cologne, Germany was the location of ACN's first of 2007 as scores of eager representatives converged along the banks of the River Rhine for a weekend dedicated to recognition, training and powerful announcements loaded with revenue exploding opportunities. The clear blue waters of the Mediterranean offered the perfect backdrop for ACN's second international event of 2007 in Nice, France and what an incredible time it was. The imminent launch of ACN's VoIP services in Germany was a definite crowd pleaser as the new era of VoIP in Europe was ushered in with great excitement. And who can forget Milan, Italy where thousands of representatives came together for ACN's third and final international event of the year to experience a new European record breaking number of RVP & SVP promotions. A staggering total of two new Senior Vice Presidents and ten new Regional Vice Presidents took to the stage in the DatchForum arena each taking time out to tell their amazing stories of what it took for them to reach the pinnacle of their careers.

Nice

Cologne

Milan

All this and much more captivated audiences at all three of these invaluable events where, and even the most successful representative will tell you, dreams are realised and careers are born. Don't worry, there's plenty more to come in 2008!

NEW WEBSITE IS INTRODUCED

Preparations for a new website were well underway in the latter stages of 2007 detailing ACN's overall commitment to integrity as it flourishes in the industry that is network marketing. The new ACN European Integrity Website provides integral information on how the Co-Founders are committed to ensuring the company and its representatives adhere to the highest ethical standards and also includes the profiles of all four Co-Founders, details ACN's rules of conduct, contains an overview on all the countries that are proud members of the Direct Selling Association and then some. Make sure you share this aesthetically pleasing website, recently launched, with your fellow representatives, customers and prospects.

On to 2008 we go!!

Show Your Customers the Advantage of ACN!

With a number of different services to choose from, it is easy to lose sight of the many advantages ACN can offer your valued customers!

The new ACN Product Flyers are the perfect way to present information to prospective customers about our services in a clear and concise manner, as well as provide an overview of the current services when presenting the ACN Opportunity.

These informative flyers are ACN-approved, so you don't need to create your own and submit one for approval... ACN has done the work for you. Plus, you will have the most current information on all ACN products. In addition to this, at the bottom of each flyer is an editable space for you to personalise with your contact information and Team ID, this allows a prospective customer to reach you for further information, and have your Team ID on hand should they need it.

These product flyers are available on MyACN and are just one more example of the tools ACN will make available to help you successfully grow your business!

A LOOK BACK AT TWO INFLUENTIAL NATIONAL EVENTS IN

Marseille

Thousands of representatives from all over France spent an action packed day in Marseille on 19th January for the first French National of 2008. The Portuguese followed suit only seven days later kicking off the year with an outstanding National event held at the Congress Center in Lisbon on 26th January. Standing room only seemed to be the theme of both events as French & Portuguese Representatives were treated to skillful training, exciting product news and notable recognition.

Special guests ACN Co-Founder Mike Cupisz and European Vice President of Sales, Wayne Holbrook joined myriad leaders from ACN to ensure each and every participant departed with a clear vision of what the future holds thanks to expertly given training sessions and in-depth information on imminent product launches about to hit both markets.

& Lisbon

« La différence entre ceux qui réussissent et les autres ne tient pas à un manque de force ou à un manque de connaissances, mais plutôt à un manque de volonté. »

Vince Lombardi

Bonjour à tous !

2008 bat maintenant officiellement son plein ! J'ai du mal à croire qu'une année vient encore de passer et quelle année ! Toutes les choses qu'ACN vous a promises, et pas des moindres, sont devenues réalité en 2007.

Je souhaite commencer cette année en m'assurant que vous adoptez le bon état d'esprit pour réussir. Je pense que Vince Lombardi l'exprime très bien dans cette citation. Vince Lombardi, entraîneur de football américain, est mondialement reconnu pour avoir été l'un des meilleurs entraîneurs de toute l'histoire et il savait très certainement quelles étaient les qualités nécessaires pour donner le meilleur de soi-même. Lorsqu'il s'agit de réussir, ce qui compte, ce n'est pas la connaissance, la force ou même l'expérience. C'est tout simplement une question de volonté.

Cela n'aurait pas pu être plus vrai en ce qui concerne l'opportunité ACN. En fait, toute notre opportunité est basée sur le fait qu'aucune expérience préalable n'est nécessaire. Ce qui compte, ce ne sont pas vos connaissances, mais ce sont les efforts que vous êtes prêts à fournir. Pour réussir avec ACN, il faut adopter le bon état d'esprit et travailler avec passion. Et cela se vérifie, quel que soit le nombre d'années d'expérience chez ACN ou l'ampleur du succès. On peut très facilement perdre de vue son objectif à long terme, tout comme on se perd facilement dans les détails. Alors commencez 2008 en adoptant le bon état d'esprit pour réussir.

L'état d'esprit n'a d'ailleurs jamais été aussi crucial qu'aujourd'hui, car 2008 promet d'être une année à vous couper le souffle. Alors qu'ACN se prépare à fêter ses 15 ans d'existence, je peux vous assurer que nous allons vivre l'une des années les plus marquantes de notre histoire. C'est l'année où nous allons poser les bases pour de nombreuses années à venir ; c'est l'année où tout commence chez ACN, l'année où tous les éléments se mettent en place. Les produits et les services, la rémunération...tout ! Tout sera plus grand et plus beau en 2008.

Je viens de rentrer de Las Vegas où j'ai visité le Consumer Electronics Show, salon consacré à l'innovation technologique en électronique grand public. Non seulement j'y ai vu des nouvelles technologies vraiment intéressantes, mais ce salon a également confirmé qu'ACN n'est assurément pas en reste en matière d'innovation. Tout comme le secteur de l'électronique lui-même, ACN est aussi en constante évolution, à la recherche de la prochaine vague technologique du futur dans le domaine des télécommunications. Et vous êtes les premiers à profiter de tout cela.

Il suffit de regarder le succès que connaît ACN dans le domaine de la téléphonie numérique, sans mentionner celui de la visiophonie. Sans avoir eu à investir des millions de dollars en marketing et sans avoir utilisé une seule méthode publicitaire traditionnelle, ACN est devenue le premier distributeur de visiophones au monde ! Nous sommes littéralement en train de changer le regard que porte le monde sur le modèle d'entreprise traditionnelle...et de changer les habitudes de consommation du grand public en matière de services. Cela n'est qu'une nouvelle preuve de la force du mode de distribution d'ACN. Et la bonne nouvelle est que ce n'est qu'un début ! 2008 sera une année de tous les records pour ACN en Europe, où nous allons lancer progressivement notre propre service VoIP avec visiophonie dans la plupart des pays dans lesquels nous sommes présents.

ACN a aussi récemment annoncé le lancement de la téléphonie mobile au Canada, en partenariat avec Telus Mobility. Grâce à ce partenariat, les Représentants peuvent offrir à leurs clients des services de téléphonie mobile et leur faire bénéficier du réseau le plus étendu et le plus rapide du Canada.

Lors de l'Événement national français de Marseille nous avons annoncé le lancement imminent de la téléphonie mobile en France. Grâce au nouveau partenariat d'ACN avec The PhoneHouse, les Représentants français pourront bientôt proposer à leurs clients des services de téléphonie mobile et des téléphones des principaux opérateurs en France. Et nous avons l'intention d'étendre cette stratégie gagnante à d'autres pays européens cette année.

En ce qui concerne la télévision par satellite, ACN vient d'annoncer le lancement de ce nouveau service aux Etats-Unis. Quoi de plus populaire que la télé ? C'est un produit qui se vend tout seul.

Ces annonces produites sont si enthousiasmantes que je pourrais très bien arrêter d'écrire ici. Cela devrait suffire pour que restiez motivés pendant une bonne partie de cette année 2008. Mais comme je l'ai dit tout à l'heure... ce n'est qu'un début.

Nos Représentants du monde entier vont être témoins cette année de l'arrivée de deux nouveaux outils.

Le magazine Success From Home, l'édition européenne tout comme l'édition nord-américaine, sera consacrée à ACN. Ce magazine sera entièrement dédié à l'opportunité ACN, ce qui en dit long sur notre réputation de leader mondial dans le domaine du travail à domicile.

ACN introduira également une nouvelle version du DualDisc de présentation de l'opportunité ACN. Le contenu de ce CD-DVD sera entièrement renouvelé et comprendra une nouvelle vidéo de présentation de l'opportunité, ainsi que des témoignages des meilleurs Représentants d'ACN, et bien plus encore. Imaginez la réaction de vos prospects quand ils auront passé une journée avec Jonas Rappe ! Imaginez que vous puissiez emmener vos proches dans les coulisses et leur faire partager le style de vie d'Art Napolitano, George Zalucki et Françoise Monfray ?

Je pourrais encore rédiger des pages et des pages sur toutes les bonnes surprises qui nous attendent chez ACN cette année, mais je finirais par manquer de place ! Il se passe déjà tant de choses en ce moment chez ACN et 2008 vient à peine de commencer. La meilleure façon de se tenir au courant cette année et de rester concentré sur toutes ces nouveautés est donc d'assister à chacun des événements internationaux d'ACN en 2008. Vous ne pouvez pas vous permettre d'en manquer ne serait-ce qu'un seul. Ces événements seront notre moyen de communication privilégié avec vous tout au long de l'année, alors soyez présents à chacun d'eux. Votre état d'esprit - et votre réussite - en dépendent.

Je n'ai sincèrement jamais été aussi enthousiaste pour ACN que je ne le suis aujourd'hui, tout comme je le suis pour chacun d'entre vous. Et je voudrais que vous vous posiez la question suivante : donnez-vous le meilleur de vous-même ? Etes-vous concentrés sur votre situation ou êtes-vous concentrés sur votre réussite ? Pour connaître la réussite cette année, il vous suffit d'avoir confiance à 100% en vous et au système ACN. Adoptez le bon état d'esprit et mettez-y de la passion, ayez la volonté de gagner et vous réussirez.

Et n'oubliez pas que nous sommes au moment de l'année où l'on peut encore tourner la page, arracher les dernières feuilles du calendrier, effacer tout et recommencer à zéro ! Une nouvelle année commence et cela peut être un nouveau départ pour vous. Il vous suffit de mettre un pied devant l'autre, de vous fixer des objectifs ambitieux, de vous concentrer sur ces objectifs et de ne pas les perdre de vue - et je sais que vous donnerez le meilleur de vous-même !

Grâce à vous, ACN atteint des records de croissance. Continuez ainsi !

Greg Provenzano
Président et Cofondateur d'ACN

VoIP

UNE IMAGE PEUT VALOIR MILLE MOTS...

Le terme « Voix sur IP » ou en anglais « Voice over Internet Protocol » (VoIP) peut sembler obscur à certains, mais c'est en fait une technologie très simple d'utilisation ; vous pouvez même continuer à utiliser votre ligne de téléphone fixe avec le même combiné ! Les européens sont à la pointe de la technologie en matière de VoIP. Des pays comme la France, les Pays-Bas et l'Allemagne ont même récemment connu l'une des croissances les plus fortes du nombre d'utilisateurs de la VoIP à l'échelle internationale.*

Les avantages de la VoIP sont multiples : non seulement le coût des communications est typiquement moindre qu'avec une ligne téléphonique traditionnelle, mais les utilisateurs bénéficient aussi de fonctionnalités rendues uniquement possibles grâce à cette nouvelle technologie.

De plus, le réseau VoIP d'ACN en cours de réalisation sera adapté à la visiophonie, ce qui donnera tout son sens à l'expression « une image vaut mille mots ».

En moins d'un an, ACN est devenue un leader sur le marché mondial de la visiophonie ! Le marché de la VoIP est en pleine expansion dans toute l'Europe, une croissance supérieure à celle que connaît l'Amérique du Nord ; ACN est donc particulièrement enthousiaste de lancer de ce produit en 2008 et de renforcer sa position de leader mondial sur ce marché.

Imaginez l'impact de ce nouveau produit sur le marché européen !

CHRISTIAN
ESSENGUE
FRANCE

Vous allez probablement trouver un air familier au ETL présenté ce trimestre dans notre magazine. C'est parce qu'il était également l'ETT présenté dans le magazine du trimestre dernier. Ce leader émergent d'ACN semble sur la bonne voie : il a en effet gravi les échelons en en temps record !

Directeur commercial pour des produits audio visuels et responsable d'une équipe d'une soixantaine de personnes, Christian Essengue, ETL français, était bien à même de relever un nouveau défi. Il rêvait de créer sa propre entreprise, d'accéder à la liberté financière et professionnelle. Avec ACN, il a trouvé exactement ce qu'il recherchait, voire même plus.

Sans expérience préalable dans le marketing de réseau, Christian est parti sur les chapeaux de roue pour faire de ce nouveau défi un succès. Il a suivi à la lettre les conseils de son upline, il a fait bon escient de tous les outils ACN à sa disposition et il a fait la promotion des événements internationaux à chaque occasion.

« Il est primordial de les utiliser tous les jours afin de continuer à se former à s'enrichir et surtout à former les autres. Le meilleur parmi tous pour moi est la vidéo de présentation de l'opportunité ACN, c'est un formidable employé et un atout maître dans la constitution de notre réseau. Je me suis donné comme obligation d'en donner trois par jour à trois nouvelles personnes, qui découvriront l'opportunité et qui, si c'est un moment propice, commenceront. »

Christian apprécie non seulement les avantages de son activité ACN en termes financiers mais son plus grand plaisir est d'aider les gens à améliorer leur situation. Avec tant d'optimisme, ne soyez pas surpris si Christian figure à nouveau dans le magazine du trimestre prochain à la section « Lumière sur un TC ».

« Il ne faut surtout pas oublier que la réussite n'est pas acquise mais qu'elle est le résultat de nos efforts et surtout de notre volonté. »

N'DATINGLON
MONTEIRO
FRANCE

LUMIÈRE SUR
UN TC

N'Datinglon Monteiro a toujours souhaité créer sa propre entreprise. Une occasion s'était déjà présentée par le passé mais les circonstances n'étaient alors pas favorables, il a donc poursuivi sa carrière dans le Marketing et la Communication pour une entreprise qui organisait des événements sportifs. Ses journées étaient bien remplies par son travail, consistant à créer des campagnes marketing et à trouver des sponsors, mais sa réelle ambition à long terme était de prendre un jour son destin en main. Une rencontre inopinée avec un ami, alors qu'il se rendait chez son cousin pour un dîner, s'est terminée par une présentation d'affaire ACN et la signature de son Contrat de Représentant indépendant.

« J'ai fait de longues études internationales et quand j'ai compris qu'avec ACN on me proposait d'être payé à ma juste valeur, j'ai décidé de prendre les choses en main. J'ai toujours voulu être le seul maître de mon destin et cette affaire m'a offert cette possibilité. Avant mon poste de responsable marketing & communication, j'ai voulu créer une entreprise mais l'apport personnel que l'on me demandait était pour moi trop élevé. J'avais cette mentalité d'entreprendre et la

vocation internationale d'ACN m'a beaucoup séduit. »

Le parcours de N'Datinglon est un véritable exemple et sa carrière ACN est encore courte mais déjà pleine de succès : il a atteint la position de Team Coordinator en seulement 180 jours. Il prend son rôle de modèle pour son réseau en pleine expansion très au sérieux et s'assure de mettre à profit tous les enseignements de son upline et de tous ceux qui ont réussi avec ACN. Il ne manquerait sous aucun prétexte un événement international et il n'y a pas un seul outil de gestion qu'il n'ait pas encore utilisé. N'Datinglon n'a pas peur de se lancer des défis et s'est déjà fixé comme objectif d'atteindre le sommet. Aujourd'hui il est ravi d'avoir finalement trouvé l'opportunité qu'il a toujours recherchée et cela grâce à un dîner manqué avec son cousin. Quelque fois le hasard fait bien les choses.

« Aujourd'hui je vis plus librement, sans me tracasser l'esprit avec des questions d'argent ou autres. Cette activité est un air nouveau, elle m'a apporté plus de liberté et plus de sérénité dans tout ce que je fais. Je n'aurais jamais imaginé tomber sur une affaire aussi puissante que celle-ci dans ma vie. »

LUMIÈRE SUR
UNE RÉUSSITE

NICODÈME
EDDY TOUKAM
NEWERA NETWORK
FRANCE

Un soir, alors qu'il était tranquillement chez lui, Nicodème a reçu un appel téléphonique d'un ami qui souhaitait l'inviter à une réunion pour lui présenter une opportunité d'affaires unique. Ils se sont retrouvés à Marseille dans un café, où Nicodème a entendu parler pour la première fois du concept très prisé de vente directe et de la société leader dans le secteur de télécommunications. En l'espace de quelques heures, les perspectives d'avenir de Nicodème ont radicalement changé et ses craintes de ne jamais connaître le véritable bonheur ont disparu. Aujourd'hui, ce TC français, leader incontestable, est en train de développer une organisation impressionnante à une vitesse incroyable. Il vous suffit de consulter le rapport et la liste des 50 meilleurs TC de ce trimestre et vous saurez tout sur le développement de ce Représentant charismatique.

« Ce qui m'a séduit avec cette opportunité, c'est la possibilité de bâtir quelque chose qui va me permettre plus tard de mener la vie telle qu'elle mérite d'être vécue ! Les relations humaines sont aussi l'un des points essentiels qui m'a attiré. Nous rencontrons des gens différents chaque jour, on découvre les bons côtés de la nature humaine ! Grâce à cette activité, on est amené à voyager, à découvrir de nouveaux espaces. »

Travailler en équipe et rester humble sont les points forts

de Nicodème qui s'efforce toujours d'aider chaque membre de son équipe à réussir dans leur activité. Sa plus grande satisfaction n'est pas d'atteindre ses objectifs personnels mais d'aider un partenaire à atteindre les siens grâce à lui. Ce membre du Club des Présidents est présent à chaque événement international et national et il ne passe pas un jour sans que Nicodème ne vérifie les progrès de son immense downline via le système de Rapports-downline. Avec tous les projets qui s'annoncent pour 2008, le dernier trimestre 2007 est une période très intense pour tous les TC à travers toute l'Europe. Afin de mettre toutes les chances de son côté pour l'année à venir, selon Nicodème il est essentiel de respecter trois règles très simples : observer et écouter ceux qui ont déjà réussi chez ACN et mettre en pratique tout ce que vous pouvez. Et pour Nicodème, cette méthode porte encore ses fruits.

« Aujourd'hui je commence à réaliser mes rêves, j'ai vraiment la possibilité de pouvoir avoir ce que j'ai toujours désiré dans ma vie ! Je vis vraiment la magie d'ACN et c'est pour ça que j'adore cette phrase de Greg Provenzano (Président et fondateur d'ACN) : « Si vous croyez réellement au concept d'ACN ; et bien tout marchera pour vous. Votre vie passera du côté tragique à l'instant de magie ! Et cela en un temps record... » Et je vous assure c'est ce qui m'arrive réellement. »

“La differenza tra una persona di successo e tutti gli altri non è la debolezza, la mancanza di conoscenza, ma piuttosto la mancanza di volontà”.

Vince Lombardi

Buongiorno a tutti voi!

Il 2008 è ufficialmente in pieno svolgimento! Difficile credere che sia passato un altro anno, e che anno! Tutto quanto ACN ha promesso, e molto di più, è stato mantenuto nel 2007.

Vorrei cominciare questo anno accertandomi che il vostro atteggiamento sia orientato per il successo. Credo che la citazione di Vince Lombardi, sopra menzionata, riassume al meglio il concetto. Vince è ampiamente considerato come uno degli istruttori migliori che sia mai esistito, e sa perfettamente cosa serve per raggiungere la vetta. In materia di successo, non contano la conoscenza, la forza o l'esperienza. Si tratta di pura e semplice forza di volontà.

E non potrebbe essere più vero per la vostra opportunità con ACN: infatti, la nostra opportunità “non richiede alcuna esperienza”. Non si tratta di quanto sapete, ma di quanto siete disposti ad impegnarvi. Per avere successo con ACN, la mente ed il cuore devono essere al posto giusto, e questo è vero indipendentemente da quanto tempo abbiate trascorso in ACN o da quanto successo abbiate ottenuto. È facile perdere di vista la visione globale, ed è altrettanto facile farsi confondere dai dettagli. Perciò, cominciate il 2008 orientando il vostro atteggiamento per il successo.

Infatti, l'atteggiamento giusto non è mai stato tanto importante come oggi, perché il 2008 vi travolgerà. Mentre ACN si prepara a festeggiare il suo 15esimo anniversario, posso assicurarvi che quest'anno sarà uno dei più importanti della nostra storia. Getteremo le basi per molti anni a venire. Questo è l'anno della rinascita di ACN, l'anno rivelatore. I prodotti ed i servizi, i compensi...tutto si annuncia maggiore e migliore nel 2008.

Sono appena rientrato dal Consumer Electronics Show (CES) tenutosi a Las Vegas e, non solo ho visto alcune nuove invenzioni tecnologiche, ma questa manifestazione è anche servita da ulteriore conferma del giusto posizionamento di ACN. Proprio come il settore dell'elettronica, ACN è in costante evoluzione ed alla ricerca di nuove tendenze nel futuro delle telecomunicazioni. E voi siete nella posizione perfetta per trarne vantaggio.

Pensate, ad esempio, al successo di ACN nel campo del servizio di telefonia digitale, per non parlare dei videotelefonati! Senza spendere una fortuna in strategie di marketing e senza l'ausilio delle tecniche pubblicitarie tradizionali, ACN è diventata il maggiore distributore di videotelefonati al mondo! Stiamo letteralmente cambiando il modo in cui il mondo guarda alle attività commerciali tradizionali, ed il modo in cui i consumatori acquistano i loro servizi. Questo non fa che confermare quanto sia efficace il canale di distribuzione di ACN. E la cosa migliore è che...siamo appena all'inizio! Il 2008 sarà un anno storico per ACN in Europa, dove abbiamo in programma di lanciare il nostro servizio VoIP con l'ausilio dei videotelefonati in quasi tutti i paesi in cui siamo operativi.

ACN ha anche annunciato ultimamente il lancio del servizio di telefonia cellulare in Canada, con il supporto di Telus Mobility. Grazie a questa collaborazione, i rappresentanti possono offrire ai clienti il servizio cellulare fornito dalla rete maggiore e più veloce del Canada.

Il lancio imminente della telefonia cellulare in Francia è stato annunciato durante la recente manifestazione nazionale tenutasi a Marsiglia. Grazie all'entusiasmante nuova collaborazione con la catena di negozi The Phone House, i rappresentanti francesi saranno presto in grado di commercializzare i servizi e gli apparecchi cellulari di tutti i maggiori fornitori in Francia. Ed è nostra intenzione rendere questa strategia vincente disponibile in altri paesi europei durante il corso dell'anno.

E che dire della TV satellitare? ACN ha appena annunciato il lancio della televisione satellitare negli Stati Uniti: non c'è niente di più noto della televisione! Questo è un prodotto che si vende da solo.

Questi annunci relativi ai prodotti sono talmente entusiasmanti che non avrei bisogno di scrivere altro. Sarebbe abbastanza per mantenere alto il vostro entusiasmo per tutto il 2008. Tuttavia, come ho affermato inizialmente, questo è solo l'inizio.

Quest'anno i nostri rappresentanti assisteranno all'arrivo di due nuovi strumenti:

ACN comparirà nella rivista Success From Home, nelle edizioni per l'Europa e per il Nord America. L'intera edizione sarà dedicata all'Opportunità ACN, un fatto questo ampiamente illustrativo della nostra reputazione di maggiore opportunità imprenditoriale da casa.

Inoltre, ACN introdurrà un nuovo DualDisc sull'Opportunità dai contenuti completamente nuovi, compreso un nuovo video sull'Opportunità, storie di successo di alcuni dei rappresentanti migliori di ACN e molto altro ancora. Quanto pensate sarà efficace per i vostri neo-collaboratori trascorrere una giornata con Jonas Rappe? Cosa ne pensereste di poter portare i vostri amici e parenti nel dietro le quinte della vita di Art Napolitano, George Zalucki e Françoise Monfray?

Potrei andare avanti all'infinito parlando delle novità entusiasmanti che ACN ha in programma per quest'anno, ma non ho abbastanza spazio a disposizione. C'è talmente tanto in ballo ad ACN in questo momento, e siamo appena all'inizio dell'anno. Perciò, il modo migliore di essere sempre informati e non perdere le novità in arrivo è partecipare ad ogni singola Manifestazione internazionale di ACN durante il 2008. Non potete perderne neanche una. Queste manifestazioni sono il principale mezzo di comunicazione con tutti voi durante l'anno, perciò fate in modo di parteciparvi. Ne va del vostro atteggiamento, del vostro successo.

Non sono mai stato così entusiasta di ACN come lo sono adesso, e non sono mai stato più entusiasta per ognuno di voi. Vorrei che vi faceste una domanda per quanto riguarda il 2008: vi state impegnando al massimo? Vi state concentrando sulle circostanze o sul successo? Tutto ciò che dovrete fare per avere successo quest'anno è credere al 100% in voi stessi e nel sistema ACN. Con la mente e il cuore al posto giusto e la volontà di vincere non potrete che avere successo.

E ricordate, siamo nel periodo dell'anno in cui possiamo lasciarci alle spalle il passato e ripartire alla grande. Anno nuovo vita nuova! Basta mettere un piede davanti all'altro, prefiggersi degli obiettivi ambiziosi, non perderli di vista e non mollare. Sono certo che in questo modo vi vedrò in cima alla vetta!

Crescete, crescete, crescete!

VoIP

UN'IMMAGINE VALE PIÙ DI MILLE PAROLE...

Il termine "Voice over IP" (VoIP) a taluni può sembrare intimidatorio, ma di fatto la tecnologia è sorprendentemente facile da usare, tanto che potete continuare ad effettuare chiamate utilizzando il comune telefono standard! L'Europa è in prima fila in questa evoluzione tecnologica, con paesi come la Francia, i Paesi Bassi e la Germania dove si registra la crescita più rapida al mondo di iscrizioni a VoIP.

I vantaggi del servizio VoIP sono numerosi: non solo è più economico di una tradizionale linea telefonica, ma ci sono anche una serie di opzioni possibili esclusivamente grazie a questa nuova tecnologia. Inoltre, l'imminente rete VoIP di ACN sarà ottimizzata per i videotelefonati e darà un significato nuovo all'espressione comune "un'immagine vale più di mille parole".

In meno di un anno, ACN si è confermata leader del settore in qualità di maggiore venditore di videotelefonati al mondo! Data la crescita esponenziale del mercato VoIP in tutta Europa, ben più rapidamente che in Nord America, ACN è particolarmente entusiasta di poter lanciare questo prodotto innovativo nel 2008 e consolidare ulteriormente la sua posizione di leader nel mercato globale.

Provate ad immaginare l'impatto che questo prodotto nuovo avrà sul mercato europeo!

EMERGENTE

ELISA
TEODORA
BONANNI
ITALIA

L'Executive Team Trainer di maggior successo in tutta Europa durante il 4° trimestre del 2007 non poteva lasciare che la poca esperienza nel network marketing pregiudicasse l'occasione che si è verificata nella sua vita poco tempo fa. Dopo avere tentato la strada in varie carriere professionali, Elisa non aveva ancora trovato la sua nicchia, fino a quando il network marketing non si affacciò alla sua porta. Sembrò calzare il suo stile di vita a pennello. Una telefonata da un conoscente, la presentazione di un concetto imprenditoriale il cui successo cresceva quotidianamente a livello mondiale e l'immediato senso di appartenenza ad ACN, avrebbero cambiato ogni cosa.

"Nessun giorno è uguale all'altro. Ogni mattina porta con sé un particolare miracolo, il proprio momento magico, nel quale i vecchi universi vengono distrutti e si creano nuove stelle. Tutte le battaglie servono a insegnarci qualcosa, anche quelle che si perdono. Solo una cosa rende impossibile un sogno: la paura di fallire. Il mondo è nelle mani di coloro che hanno il coraggio di sognare e di correre il rischio di vivere i propri sogni, ciascuno con il proprio talento. Questo pensiero di Coelho lo porto nel mio cuore e nella mia mente".

Elisa si sente già perfettamente a suo agio con il cambio di professione ed è particolarmente conquistata dal nuovo stile di vita che accompagna il passaggio ad ACN. Ha conosciuto molti nuovi amici che condividono lo stesso atteggiamento positivo e il forte desiderio di avere successo, e consiglia a chiunque si dedichi seriamente all'attività di partecipare assieme a lei a tutte le manifestazioni internazionali, per vivere l'atmosfera esplosiva e sincera che questa Opportunità è in grado di generare.

"Hai la possibilità di confrontarti con migliaia di persone che hanno voglia di cambiare la propria vita. Stando a contatto con persone positive e scambiare con loro le proprie esperienze, mi ha aiutato a vedere oltre il mio mondo. Mi sono resa conto così, che quel piccolo mondo che mi circondava era fatto di falsità e ipocrisia".

“O que distingue uma pessoa de sucesso dos outros não é a força nem o conhecimento mas sim a vontade de vencer.”

Vince Lombardi

Olá a todos!

Entrámos em 2008 a toda a velocidade! Quase nem dá para acreditar que já lá vai mais um ano - e que ano fantástico! Concretizámos tudo o que prometemos para 2007!

Gostaria de iniciar este novo ano garantindo que dispõem da atitude certa para alcançar o sucesso. A citação de Vince Lombardi ilustra de forma perfeita o que pretendo dizer. Vince é considerado um dos melhores treinadores de sempre e sabia certamente como dominar o jogo. O sucesso não passa pelo conhecimento, nem pela força, nem pela experiência. Passa, pura e simplesmente, pela vontade de vencer.

Isto aplica-se também à oportunidade do Grupo ACN. Esta baseia-se inteiramente no “não é necessário experiência prévia”. Não se trata do vosso nível de conhecimentos mas sim do quão a sério estão dispostos a trabalhar. O sucesso no Grupo ACN passa pelo entregarem-se de corpo e alma. E devem continuar a fazê-lo mesmo que já estejam no Grupo ACN há muito tempo ou mesmo que já tenham imenso êxito. É muito fácil deixarmos de pensar a longo prazo e perdermo-nos em pormenores. Por isso, entrem em 2008 com a vossa mente programada para o sucesso.

Adoptar a atitude certa nunca foi tão importante como agora... 2008 vai ser um ano de vitórias! Estamos a preparar-nos para comemorar o nosso 15º aniversário e posso garantir-vos que este vai ser um dos anos mais marcantes da história do Grupo ACN. Estamos a lançar as bases para os anos vindouros. Este é o ano zero, o ano em que vamos dar uma nova dimensão a tudo: aos produtos e aos serviços, à remuneração... tudo vai ser melhorado!

Estive presente no Consumer Electronics Show em Las Vegas, onde não só vi tecnologias verdadeiramente avançadas como obtive a prova de que o Grupo ACN está exactamente onde deveria estar. Tal como a própria indústria electrónica, o Grupo ACN está em evolução constante, rumando em direcção à próxima viragem tecnológica. E vocês estão perfeitamente posicionados para aproveitar essa mudança!

Basta olharmos para o sucesso que o Grupo ACN registou na arena do serviço de telefone digital, já para não falar dos videofones. Sem gastar milhões de dólares em marketing e sem empregar quaisquer técnicas de publicidade tradicional, o Grupo ACN tornou-se o maior distribuidor de videofones a nível mundial! Estamos a mudar a forma como se vêem os negócios tradicionais e a mudar a forma como os consumidores compram serviços. Isto comprova, mais uma vez, a eficácia do canal de distribuição do Grupo ACN. E o melhor de tudo é que ainda estamos só a começar! 2008 vai ser um ano histórico para o Grupo ACN na Europa, com o lançamento do serviço VoIP com videofones na maior parte dos países em que operamos.

Anunciámos, recentemente, o lançamento dos serviços móveis no Canadá. Através de uma parceria com a Telus Mobility, os representantes canadianos poderão oferecer aos seus clientes serviços móveis suportados pela maior e mais rápida rede canadiana.

Anunciámos recentemente, no evento nacional de Marselha, o lançamento iminente dos serviços móveis em França. Através de uma parceria estabelecida com The Phone House, os representantes franceses poderão, brevemente, oferecer aos seus clientes serviços móveis e equipamentos de todos os prestadores de serviços móveis líderes do mercado francês. Uma estratégia vencedora que será alargada a outros países europeus, ao longo do ano.

Anunciámos, recentemente, o lançamento do serviço de TV satélite nos EUA! Um serviço que dispensa qualquer apresentação!

Estas comunicações sobre lançamentos são tão entusiasmantes que poderia dar esta mensagem por concluída. Estas notícias deveriam ser suficientes para vos manter motivados durante o ano. Mas, como disse anteriormente, isto é só o começo.

Este ano, assistirão à chegada de duas novas ferramentas!

O Grupo ACN será destacado nas edições norte-americana e europeia da revista Success From Home - um número inteiramente dedicado à oportunidade do Grupo ACN que salientará a reputação da empresa como líder mundial das oportunidades de negócio geridas a partir de casa.

Além disso, o Grupo ACN introduzirá também o CD-ROM/DVD do Grupo ACN em formato DualDisc, com conteúdos totalmente novos que incluirão um novo vídeo sobre a oportunidade do Grupo ACN, um olhar sobre os estilos de vida de alguns dos representantes de topo do Grupo ACN e muito mais. Imaginem como seria se os vossos novos Team Trainers pudessem ficar a conhecer o dia-a-dia de Jonas Rappe... E se pudessem mostrar aos vossos amigos e familiares como Art Napolitano, George Zalucki e Françoise Monfray vivem?

Poderia continuar a enumerar as coisas excepcionais que estão planeadas para este ano no Grupo ACN mas não teria, certamente, espaço para tudo. O ano ainda mal começou e já há imensas coisas a acontecer! Por isso, a melhor forma de se manterem informados e concentrados em todas as novidades extraordinárias que temos para anunciar é indo a todos os eventos internacionais deste ano. Estes serão o meio principal que utilizaremos para comunicar com todos os representantes. A vossa motivação e sucesso dependem da participação nestes eventos.

Nunca me senti tão entusiasmado com o Grupo ACN e tão entusiasmado pelos seus representantes! Gostaria que reflectissem sobre uma questão, agora que se preparam para dar início a mais um ano. Têm tudo a postos para dominar o jogo? Estão preocupados com pormenores ou estão concentrados em atingir o sucesso? Tudo o que têm de fazer para alcançar o êxito este ano é acreditar a 100% em vocês próprios e no sistema do Grupo ACN. Entreguem-se de corpo e alma, criem força de vontade para vencer e nada vos impedirá de triunfar!

E lembrem-se que esta é a altura do ano em que podemos fazer tábua rasa do que se passou e começar de novo. Ano novo, vida nova! Se derem um passo de cada vez, estabelecerem metas ousadas e não se afastarem delas, conseguirão dominar o jogo!

Cresçam, cresçam, cresçam!

VoIP

UMA IMAGEM VALE POR MIL PALAVRAS...

A expressão “Voz sobre o protocolo Internet” (VoIP) pode soar complicada mas, na verdade, designa uma tecnologia extremamente fácil de usar, que permite a realização de chamadas telefónicas através de um telefone normal! A Europa lidera o pelotão da frente desta revolução tecnológica, com países como a França, os Países Baixos e a Alemanha a registarem alguns dos aumentos mais rápidos de subscritores da VoIP a nível mundial.*

O serviço VoIP proporciona imensas vantagens ao consumidor pois não só é mais barato que a linha telefónica tradicional como também inclui um número de funcionalidades que só é possível associar ao serviço, devido à natureza desta tecnologia. Para além disso, a rede VoIP do Grupo ACN,

actualmente em desenvolvimento, será optimizada para os videofones, atribuindo um novo significado à expressão “uma imagem vale por mil palavras”.

Em menos de um ano, o Grupo ACN tornou-se o maior vendedor de videofones a nível mundial! Com o mercado da VoIP a crescer exponencialmente na Europa, a uma velocidade muito mais acelerada do que na América do Norte, o Grupo ACN está particularmente entusiasmado com o lançamento deste serviço inovador em 2008 e com a consequente consolidação da sua posição de líder de mercado.

Imagine só o impacto que este novo serviço terá no mercado europeu!

VoIP

OBRAZ WART TYSIĄC SŁÓW

“Voice over Internet Protocol” (VoIP) może niektórych nieco onieśmielać, ale sama technologia jest zadziwiająco łatwa w użyciu, można nawet dalej wykonywać połączenia za pomocą zwykłego aparatu telefonicznego! Europa stoi na czele tej rewolucji technologicznej, a kraje takie jak Francja, Holandia i Niemcy doświadczyły ostatnio najszybszego wzrostu liczby użytkowników VoIP na świecie.*

Usługa VoIP posiada wiele zalet - nie tylko kosztuje mniej niż tradycyjna linia telefoniczna, ale także oferuje wiele dodatkowych opcji możliwych dzięki zastosowaniu nowej technologii. Dodatkowo, wprowadzana sieć VoIP ACN będzie przystosowana do wideotelefonów, dzięki czemu popularne powiedzenie “obraz jest wart więcej niż tysiąc słów” nabierze nowego znaczenia.

W ciągu niecałego roku ACN stało się liderem w branży jako największy sprzedawca wideotelefonów na świecie! Dzięki rosnącemu w znacznie szybszym tempie niż w Ameryce Północnej rynkowi VoIP w Europie, ACN z niecierpliwością czeka na wprowadzenie swojego produktu w 2008 roku i jeszcze bardziej umacnia swoją pozycję lidera na rynku globalnym.

Wyobraźcie sobie Państwo, jak ogromny wpływ na europejskie rynki będzie miał ten nowy produkt!

„Różnica pomiędzy kimś, kto odniósł sukces, a innymi polega nie na braku siły albo wiedzy, tylko na braku silnej woli.”

Vince Lombardi

Witam wszystkich!

Rok 2008 oficjalnie się rozpoczął! Trudno uwierzyć, że minął kolejny rok – a cóż to był za rok! W 2007 spełniły się dosłownie wszystkie obietnice ACN.

Chciałbym rozpocząć ten rok od upewnienia się, że macie Państwo odpowiednie nastawienie, aby osiągnąć sukces. Myślę, że Vince Lombardi ujął to najlepiej w zdaniu przytoczonym na początku. Vince jest powszechnie znany jako jeden z najlepszych trenerów, jacy kiedykolwiek istnieli i z całą pewnością wie, jak dojść na sam szczyt. Jeśli chodzi o osiągnięcie sukcesu, to nie jest ważna wiedza, ani siła, ani nawet doświadczenie. Liczy się tylko silna wola.

Nie ma prawdziwszego stwierdzenia w odniesieniu do Szansy ACN. Tak naprawdę nasze możliwości są oparte na „braku doświadczenia”. Nie chodzi o to, jak wiele wiemy, ale o to, jak bardzo chcemy pracować. Sukces z ACN polega na tym, aby odpowiednio nastawić swój umysł i swoje serce. Dotyczy to wszystkich, bez względu na to, jak długo dana osoba jest w ACN oraz jaką pozycję osiągnęła. Łatwo jest stracić dystans, i na pewno łatwo jest pogubić się w szczegółach. Dlatego rozpoczynajcie 2008 od odpowiedniego nastawienia.

Właściwe nastawienie nigdy jeszcze nie było takie ważne, jak teraz, ponieważ rok 2008 to będzie naprawdę coś. ACN przygotowuje się do obchodów 15 rocznicy działalności, a ja zapewniam Państwa, że będzie to najbardziej znaczący rok w naszej historii. Jest to rok, kiedy przygotowujemy grunt na nadchodzące lata, rok, w którym wszystko się zaczyna i jednoczy. Produkty i usługi, wynagrodzenie... wszystko... będzie większe i lepsze w 2008.

Właśnie wróciłem z Wystawy Elektroniki Użytkowej w Las Vegas. Nie tylko zobaczyłem tam nowe fascynujące technologie, ale ta wystawa umocniła mnie tylko w przekonaniu, że ACN jest teraz dokładnie tam, gdzie powinno być. Tak jak cała branża elektroniczna, także ACN stale ewoluuje i szuka nowych trendów w telekomunikacji. A Państwo jesteście na idealnej pozycji, aby to wszystko wykorzystać.

Spójrzcie tylko na sukces w dziedzinie usług telefonii cyfrowej, nie wspominając nawet wideotelefonów. Bez wydawania milionów dolarów na marketing, bez żadnej tradycyjnej reklamy, ACN stało się największym dostawcą wideotelefonów na świecie! Dosłownie zmieniamy sposób, w jaki cały świat postrzega tradycyjny biznes... i zmieniamy sposób, w jaki klienci dobierają usługi. To potwierdza tylko, jak potężny jest system dystrybucji ACN. A najlepsze w tym wszystkim jest to, że... dopiero zaczynamy! Rok 2008 przejdzie do historii jako rok ACN w Europie, gdzie w większości krajów planujemy rozpoczęcie dostarczania usługi VoIP z wideotelefonami.

ACN ogłosiło także ostatnio wprowadzenie telefonii komórkowej w Kanadzie, wspieranej przez Telus Mobility. Dzięki tej współpracy, nasi przedstawiciele mogą zaoferować swoim klientom usługi telefonii komórkowej w największej i najszybszej sieci w Kanadzie.

Zbliżające się wprowadzenie telefonii komórkowej we Francji zostało ogłoszone na Krajowym Szkoleniu ACN w Marsylii. Dzięki współpracy z nowym parterem The Phone House, francuscy przedstawiciele będą mogli wkrótce sprzedawać usługi telefonii komórkowej oraz aparaty większości dostawców tych usług we Francji. Naszym zamiarem jest rozszerzenie tej niezwykle skutecznej strategii na więcej europejskich krajów w ciągu najbliższego roku.

A co z telewizją satelitarną? Właśnie wprowadziliśmy telewizję satelitarną w Stanach Zjednoczonych. Usługa ta jest prawie tak

popularna jak sam telewizja! To jest produkt, który naprawdę sprzedaje się sam.

Te zapowiedzi nowych produktów są tak ekscytujące, że w zasadzie mógłbym w tym momencie przestać pisać. To powinno wystarczyć, aby utrzymać Państwa motywację na wysokim poziomie przez cały rok 2008. Ale, jak powiedziałem wcześniej... to dopiero początek.

W tym roku naszym przedstawicielom na całym świecie przedstawimy dwa nowe narzędzia.

ACN zaprezentuje magazyn Success From Home w wydaniu europejskim i dla Ameryki Północnej. Całe wydanie poświęcone będzie Szansie ACN i będzie dotyczyło naszej reputacji jako największej światowej firmy dającej możliwość prowadzenia własnej działalności z domu.

Dodatkowo, ACN wprowadzi nową podwójną płytę z programem Szansa. Płyta ta będzie zawierała zupełnie nową treść, między innymi nowe klipy filmowe a także historie sukcesu najlepszych przedstawicieli ACN i dużo więcej. Jak znacząca dla nowych przedstawicieli byłaby możliwość spędzenia dnia z Jonasem Rappe? A gdybyście mogli zabrać swoich znajomych i rodzinę za kulisy życia Arta Napolitano, George'a Zaluckiego i Françoise Monfray?

Mógłbym bez końca pisać o tym wszystkich wspaniałych rzeczach, które wydarzą się w ACN w tym roku, ale chyba zabrakłoby mi miejsca. Tak wiele dzieje się w ACN w tej chwili, a rok dopiero się zaczął. Dlatego właśnie najlepszym sposobem, aby trzymać rękę na pulsie wydarzeń jest uczestnictwo w każdym Międzynarodowym Szkoleniu ACN w 2008 roku. Nie możecie sobie pozwolić na to, aby opuścić chociaż jedno. Te imprezy będą naszym podstawowym środkiem komunikacji z Państwem w ciągu roku, dlatego postarajcie się być na każdej z nich. Zależy od tego wasze nastawienie, a także wasz sukces.

Naprawdę nigdy nie byłem tak podekscytowany, jeżeli chodzi o ACN, jak jestem teraz. I nigdy nie byłem tak podekscytowany, jeżeli chodzi o wszystkich i każdego z osobna. Chciałbym, abyście rozpoczynając 2008 rok, zadali sobie pytanie. Czy naprawdę jesteście na prowadzeniu? Czy koncentrujecie się na okolicznościach czy raczej na sukcesie? Wszystko, co musicie zrobić w tym roku, aby osiągnąć sukces, to w 100% uwierzyć w siebie i w system ACN. Dobrze nastawcie swoje umysły i serca, miejcie silną wolę, a osiągniecie sukces.

I pamiętajcie, teraz jest moment, w którym możemy zapomnieć o przeszłości i zacząć wszystko od nowa. To jest nowy rok i Państwo możecie też stać się zupełnie nowymi ludźmi. Po prostu wyznaczcie sobie odważne cele i trzymajcie się ich. A przede wszystkim, nie rezygnujcie – i jestem pewien, że spotkamy się na szczycie!

Rozwijajcie swoje możliwości!

Greg Provenzano
Dyrektor i współzałożyciel firmy ACN

„Der Unterschied zwischen erfolgreichen Menschen und nicht erfolgreichen Menschen, ist nicht die fehlende Stärke oder das fehlende Wissen, sondern der fehlende Wille.“

Vince Lombardi

Hallo!

2008 ist bereits in vollem Gange! Kaum zu glauben, dass wieder ein Jahr vergangen ist – und was für eins! Buchstäblich alles, was ACN Ihnen versprochen hat - und mehr - wurde 2007 Realität.

Ich möchte zu Anfang dieses Jahres sicherstellen, dass Sie voll und ganz auf Erfolg eingestellt sind. Ich glaube, das kann mit Vince Lombardis Zitat oben ganz gut ausgedrückt werden. Lombardi war einer der besten American Football Trainer aller Zeiten und wusste mit Sicherheit, worauf es ankommt, um beim Spiel ganz vorne dabei zu sein. Wenn es darum geht erfolgreich zu sein, stehen nicht Wissen, Stärke oder gar Erfahrung an erster Stelle. Es geht um pure Willenskraft.

Und es könnte für Ihre ACN-Geschäftsgelegenheit nicht besser stimmen. Ihre gesamte Geschäftsgelegenheit basiert in der Tat auf dem Motto „keine Erfahrung nötig“. Es geht nicht darum, wie viel Sie wissen, es geht darum, wie hart Sie arbeiten möchten. Erfolg bei ACN hat nur damit zu tun, ob Sie Ihren Kopf und Ihr Herz an der richtigen Stelle tragen. Und das gilt, egal wie lange Sie schon bei ACN sind oder wie erfolgreich Sie sind. Es ist einfach, langfristige Ziele aus den Augen zu verlieren, und es ist sicher ebenso einfach, sich in Details zu verlieren. Beginnen Sie 2008 also damit, sich geistig auf Erfolg einzustellen.

Die richtige Einstellung ist jetzt wichtiger denn je, denn das Jahr 2008 wird Sie umwerfen. Während ACN sich auf sein 15-jähriges Jubiläum vorbereitet, versichere ich Ihnen, dass dies eines der einflussreichsten Jahre unserer Geschichte sein wird. Es ist das Jahr, in dem wir die Basis für die kommenden Jahre schaffen, es ist das Jahr, in dem alles bei ACN beginnt, das Jahr, in dem alles zusammenkommt. Die Produkte und Dienste, die Vergütung ... alles ... alles wird 2008 größer und besser werden.

Ich bin gerade von einer Haushaltselektronikmesse in Las Vegas zurückgekommen. Da habe ich nicht nur wirklich erstaunliche Technologien gesehen, sondern die Messe bestätigte auch die Tatsache, dass ACN sich genau da befindet, wo wir sein sollten. Genau wie die Elektronikindustrie selbst, entwickelt sich auch ACN ständig weiter und sucht nach der nächsten Welle zukünftiger Telekommunikationstechnik. Und Sie befinden sich genau an der richtigen Stelle, um von all dem zu profitieren.

Sehen Sie sich nur den Erfolg von ACN auf dem Gebiet des digitalen Telefondienstes an, ganz zu schweigen von unseren Bildtelefonen. Ohne Millionen Dollar für Marketing zu verschwenden, ohne herkömmliche Werbung ist ACN zum größten Vertreiber von Bildtelefonen weltweit geworden! Wir ändern buchstäblich weltweit die Sichtweise auf traditionelle Geschäfte ... und ändern die Art und Weise, wie Verbraucher nach Diensten suchen. Das ist nur ein weiterer Beweis dafür, wie leistungsstark der Vertriebskanal von ACN ist. Und die beste Nachricht ist ... wir sind erst am Anfang! Mit der Einführung unseres VoIP-Dienst mit Bildtelefonen in den meisten Ländern, in denen wir tätig sind, wird ACN 2008 in Europa Geschichte schreiben.

ACN hat auch kürzlich die Einführung der Mobilfunkdienste mit Unterstützung von Telus Mobility in Kanada angekündigt. Durch diese Partnerschaft können Repräsentanten Kunden Mobilfunkdienste über das größte und schnellste Netzwerk Kanadas bieten.

Die demnächst bevorstehende Einführung des Mobilfunks in Frankreich wurde bei der letzten nationalen Convention in Marseille angekündigt. Durch ACNs neue Partnerschaft mit The Phone House werden französische Repräsentanten bald Mobilfunkdienste und -geräte aller großen französischen Mobilfunkanbieter vermarkten können. Und wir beabsichtigen diese neue Gewinnstrategie bereits im Verlauf dieses Jahres in weitere europäische Ländern zu bringen.

Und was ist mit Satellitenfernsehen? ACN hat gerade die Einführung des Satellitenfernsehens in den USA angekündigt. Etwas Populärereres als Fernsehen gibt es nicht! Fernsehen ist ein Produkt, das sich wirklich selbst verkauft.

Diese Produktankündigungen sind so aufregend, dass ich eigentlich hier aufhören könnte. Das sollten genug Neuigkeiten sein, Ihre Motivation für 2008 zu stärken, aber wie ich bereits erwähnt habe... es ist erst der Anfang.

Dieses Jahr werden unsere Repräsentanten auf der ganzen Welt die Einführung zweier neuer Instrumente sehen.

ACN wird das Magazin „Success from Home“ in einer europäischen und einer nordamerikanischen Version auf den Markt bringen. Die gesamte Ausgabe widmet sich der ACN-Geschäftsgelegenheit und spricht Bände über unseren Ruf als weltweit erstrangige Geschäftsgelegenheit, die man auch von zuhause machen kann.

Außerdem führt ACN eine brandneue DVD/CD zur ACN-Geschäftsgelegenheit ein. Die DVD/CD stellt komplett neue Inhalte, einschließlich eines neuen Videos zur Geschäftsgelegenheit und Lifestyle-Erfolgsgeschichten unserer Top-Repräsentanten, vor. Wie würde es Ihre Neulinge beeindrucken, einen Tag mit Jonas Rappe zu verbringen? Was wäre, wenn Sie Freunde und Familie einen Blick in das Privatleben von Art Napolitano, George Zalucki und Françoise Monfray werfen lassen könnten?

Ich könnte endlos weiter über diese aufregenden neuen Projekte von ACN für dieses Jahr berichten, aber dafür wäre nicht genug Platz. Bei ACN ist schon so viel los und das Jahr hat erst begonnen. Um sich dieses Jahr auf dem Laufenden zu halten und all diese aufregenden Dinge im Auge zu behalten, besuchen Sie 2008 jede internationale ACN-Veranstaltung. Sie können es sich nicht leisten, auch nur eine zu verpassen. Die Veranstaltungen sind unser Hauptkommunikationsweg mit Ihnen im Verlauf des Jahres, seien Sie also dabei! Ihre Einstellung – und Ihr Erfolg – hängt davon ab.

Ich habe mich noch nie mehr auf ACN gefreut als jetzt. Und ich habe mich noch nie mehr auf jeden einzelnen von Ihnen gefreut. Ich möchte, dass Sie sich Anfang 2008 selbst eine Frage stellen: Spielen Sie in der ersten Liga? Konzentrieren Sie sich auf die Umstände oder auf den Erfolg? Alles was Sie tun müssen, um dieses Jahr erfolgreich zu sein, ist 100% an sich selbst und das ACN-System zu glauben. Tragen Sie Ihren Kopf und Ihr Herz an der richtigen Stelle, zeigen Sie Siegeswillen – und der Erfolg ist Ihnen gewiss.

Und denken Sie daran, das ist das Jahr, in dem wir einen Neuanfang machen können. Es ist ein neues Jahr und Sie können ein neuer Mensch werden. Setzen Sie einfach einen Schritt vor den anderen, setzen Sie sich ehrgeizige Ziele, halten Sie an diesen Zielen fest und lassen Sie nicht los – und ich bin sicher, ich werde Sie in der ersten Liga sehen!

Wachsen, wachsen, wachsen Sie!

VoIP

EIN BILD SAGT MEHR ALS TAUSEND WORTE...

Der Begriff „Voice over Internet Protocol“ (VoIP) hört sich vielleicht kompliziert an – die Technologie ist jedoch in ihrer Anwendung überraschend einfach. Sie können sogar weiterhin Telefonanrufe mit dem gleichen normalen Telefon tätigen! Bei dieser technischen Entwicklung ist Europa mit Ländern wie Frankreich, den Niederlanden und Deutschland führend, in denen in letzter Zeit weltweit das schnellste Wachstum bei den VoIP-Abonnenten stattgefunden hat.*

Der Einsatz eines VoIP-Dienstes hat viele Vorteile. Abgesehen davon, dass er normalerweise günstiger als eine herkömmliche Telefonleitung ist, bietet er außerdem eine Reihe von Funktionen, die nur durch diese neue Technologie möglich sind. Außerdem wird das ACN-VoIP-Netzwerk für Bildtelefone optimiert werden. Damit erhält die Redensart, Ein Bild sagt

mehr als tausend Worte' eine ganz neue Bedeutung.

ACN ist in weniger als einem Jahr zu einem Branchenführer als größter Anbieter von Bildtelefonen weltweit geworden! Der VoIP-Markt wächst in Europa exponentiell und mit viel höherer Geschwindigkeit als in Nordamerika. ACN freut sich daher besonders, dieses innovative Produkt 2008 auf dem Markt einzuführen und seine Position als ein globaler Marktführer damit weiter auszubauen.

Stellen Sie sich vor, welchen Einfluss dieses neue Produkt auf den europäischen Markt haben wird!

VoIP

ET BILLEDE KAN SIGE MERE END TUSIND ORD...

Begrebet "Voice over Internet Protocol" (VoIP) lyder måske afskrækkende på nogle, men teknologien er faktisk overraskende nem at bruge, du kan endda fortsætte med at ringe op med den samme standard-telefon! Europæerne er førende i denne teknologiske udvikling og lande som Frankrig, Nederland og Tyskland har i den senere tid oplevet noget af den hurtigste vækst i VoIP-abonnementer på verdensbasis.*

Der er mange fordele ved at bruge VoIP-service: ikke alene koster det typisk mindre end en traditionel telefonforbindelse, med der er også et antal funktioner, som kun er blevet muliggjort som et resultat af denne nye teknologi. Desuden bliver det kommende ACN VoIP-netværk optimeret til videotelefoner og giver dermed mening til det populære udtryk 'et billede kan sige mere end tusind ord'.

På mindre end et år er ACN blevet førende indenfor branchen som den største markedsfører af videotelefoner i verden! Med et eksponentielt voksende VoIP-marked i Europa - meget hurtigere end i Nordamerika - er ACN især begejstret over at lancere dette nyskabende produkt i 2008 og yderligere konsolidere vores stilling som førende på det globale marked.

Prøv at forestille dig den indflydelse dette nye produkt får på det europæiske marked!

FRA
PRÆSIDENTEN

“Forskellen mellem en succesrig person og andre er ikke manglen på styrke, ikke manglen på viden, men snarere manglen på vilje.”
Vince Lombardi

Hej alle sammen!

2008 er officielt i fuld gang! Det er svært at tro at endnu et år er gået – og hvilket år. Bogstavelig talt er alt det, ACN lovede jer blevet til virkelighed i 2007.

Jeg vil starte dette år med at sikre at jeres tankegang er rigtig indstillet på succes. Jeg tror at Vince Lombardi udtrykte det bedst i ovenstående citat. Vince er bredt anerkendt som en af de bedste coaches der nogensinde har og nogensinde kommer til at eksistere, og han ved helt sikkert, hvad der kræves for at nå toppen. Når det handler om at blive succesrig, drejer det sig hverken om viden, styrke eller erfaring for den sags skyld. Det er ren og skær vilje.

Og det kunne ikke være mere sandt end for din mulighed med ACN. Faktisk er hele vores mulighed baseret på “ingen erfaring nødvendig.” Det handler ikke om, hvor meget du ved, det handler om, hvor hårdt du er villig til at arbejde. Succes hos ACN handler udelukkende om at have hovedet og hjertet på rette sted. Og det gælder uanset hvor længe du har været i ACN, eller hvor succesrig du er. Det er nemt at tabe det store billede af syne, og der er bestemt nemt at fortabe sig i detaljer. Så start 2008 med at indstille din tankegang på succes.

Faktisk har det aldrig været mere vigtigt end lige nu, at havde den rette indstilling, for 2008 bliver helt fantastisk. ACN er ved at forberede sig på sit 15-års jubilæum, og jeg forsikrer jer om, at dette bliver et af de meste indflydelsesrige år i vores historie. Det bliver året, hvor vi laver bearbejdet for mange år fremover. Det er året, hvor det hele starter i ACN, året hvor det hele går op i en højere enhed. Produkterne og serviceydelseerne, compensationen... alt... det bliver alt sammen bedre i 2008.

Jeg er netop kommet tilbage fra Consumer Electronics Show i Las Vegas. Jeg så ikke bare nogle virkelige spændende teknologier, men dette arrangement cementerede yderligere det faktum, at ACN er lige præcis der, hvor vi skal være. Som elektronikindustrien selv, udvikler ACN sig konstant og finder den næste bølge af fremtidens telekommunikation. Og I er i den perfekte situation til at udnytte det hele.

Se bare på ACN's succes på arenaen for digital telefonservice, for ikke at nævne videotelefoner. Uden at bruge millioner af dollars til markedsføring, uden nogen traditionelle reklamer overhovedt er ACN blevet verdens største distributør af videotelefoner! Vi er bogstavelig talt ved at ændre den måde verden ser på traditionel forretning... og ændre den måde forbrugere indkøber serviceydelser på. Dette beviser endnu en gang, hvor stærke ACN's distributionskanaler er. Og den bedste nyhed er... vi er kun lige gået i gang! 2008 bliver et historisk år for ACN i Europa, hvor vi planlægger at udrulle vores egen VoIP-service med videotelefoner i de fleste af de lande, vi opererer i.

ACN har også for nylig annonceret lanceringen af mobilservice i Canada i samarbejde med Telus Mobility. Gennem dette partnerskab kan repræsentanter tilbyde kunder mobilservice over det største og hurtigste netværk i Canada.

Den forestående lancering af mobilservice i Frankrig blev annonceret under det netop afholdte franske nationale arrangement i Marseille. Gennem ACN's spændende nye partnerskab med The PhoneHouse, vil franske repræsentanter snart kunne markedsføre mobilservice og mobiltelefoner fra alle mobilserviceleverandører i Frankrig. Og

det er vores hensigt at gøre denne nye vinderstrategi tilgængelig i flere europæiske lande i løbet af året.

Og hvad så med satellit-TV? ACN har netop annonceret lanceringen af satellit TV i USA. Og det kan ikke blive meget mere populært end TV! Det er et produkt, der virkelig sælger sig selv. Disse produktannonceringer er så spændende, at jeg bogstavelig talt kunne stoppe med at skrive lige her. Det brude være nyheder nok til at holde jeres damp oppe langt ind i 2008. Men som jeg sagde før... dette er kun begyndelsen.

I år vil vores repræsentanter rundt om i verden få to splintterne redskaber. ACN kommer i Success From Home Magazine – både i den europæiske og den nordamerikanske udgave. Hele nummeret bliver dedikeret til ACN-muligheden og vil tale højt om vores omdømme som verdens fineste hjemmebaserede forretningsmulighed.

Desuden vil ACN også introducere en splintterny dobbelt mulighedsdiskette. Denne diskette vil have fuldstændig nyt indhold inklusive en ny mulighedsvideo samt livsstils-succeshistorier om nogle af ACN's toprepræsentanter - og mere. Hvor stærkt ville det være for dine emner, at tilbringe en dag med Jonas Rappé? Hvad, hvis du kunne tage venner og familie med om bag scenen til Art Napolitano, George Zalucki og Françoise Monfrays livsstil?

Jeg kunne blive ved med at fortælle om spændende ting, der kommer til ACN i år, men jeg ville løbe tør for blæk inden jeg var færdig. Der sker så meget i ACN lige nu, og året er kun lige begyndt. Derfor er den bedste måde at holde fokus og forbindelse i år til alle disse spændende ting, at deltage i hvet eneste internationale ACN-arrangement i 2008. Du ikke har råd til at gå glip af et eneste. Disse arrangementer vil være den primære måde vi kommunikerer med jer på i løbet af året, så kom til hvert eneste. Din tankegang – og din succes – afhænger af det.

Jeg har virkelig aldrig været mere begejstret over ACN, end jeg er lige nu. Og jeg har aldrig være mere begejstret for hver eneste af jer. Jeg vil gerne have at I stiller jeg selv et spørgsmål, når I tager hul på 2008. Er du på toppen? Fokuserer du på dine omstændigheder eller fokuserer du på succes? Det eneste du skal gøre for at få succes i år, er at tro 100 % på dig selv og på ACN's system. Få hovedet og hjertet på plads, ha' vilje til at vinde – og det bliver umuligt for dig ikke at få succes.

Og husk, det er den tid på året, hvor vi kan viske tavlen ren og starte på en frisk. Det er et nyt år og det kan blive et nyt dig. Sæt bare den ene fod foran den anden, sæt nogle aggressive mål, hold fast ved disse mål og giv ikke op – og jeg ved, at jeg vil se dig på toppen!

Voks, voks, voks!

Greg Provenzano
ACN's præsident og medstifter

Forskjellen på en vellykket person og alle andre er ikke mangel på styrke, ikke mangel på kunnskap, men heller mangel på vilje.”

Vince Lombardi

Hei alle sammen!

Når er vi godt i gang med 2008! Det er helt utrolig at enda et år har gått – og for et år år det var. Alt ACN hadde lovet deg – og mer – ble en realitet i 2007.

Jeg vil starte dette året med å understreke hvor viktig din innstilling er for å lykkes. Jeg synes Vince Lombardi sier det best i sitatet ovenfor. Vince er kjent som en av verdens dyktigste veiledere noen sinne, og han vet alt om hva som skal til for å lykkes. Å lykkes handler ikke om kunnskap, styrke eller for den saks skyld, erfaring. Det handler rett og slett om vilje.

Ikke noe er mer sant når det gjelder din mulighet i ACN. Hele muligheten er faktisk basert på “ingen erfaring kreves”. Det handler ikke om hvor mye du vet, det som betyr noe er hvor hardt du er villig til å jobbe. Dersom du ønsker å lykkes i ACN, må du ha hodet og hjertet på riktig sted. Dette gjelder uansett hvor lenge du har vært i ACN, eller hvor vellykket du er. Det er lett å miste det store bildet av syne, og det er definitivt lett å henge seg opp i detaljer. Start derfor 2008 med å sørge for at din innstilling er rettet mot suksess.

Faktisk har det aldri vært viktigere å ha riktig innstilling, fordi 2008 kommer til å overgå selv dine største forventninger. ACN forbereder seg nå på å feire vårt 15-årsjubileum, og dette kommer til å bli ett av de mest betydningsfulle årene i hele vår historie. Dette er året hvor vi legger grunnlaget for årene som kommer. Dette er året hvor alt starter i ACN, året hvor alt blir knyttet sammen. Produktene og tjenestene, kompensasjonen... alt blir større og bedre i 2008.

Jeg har nettopp deltatt på Consumer Electronics Show i Las Vegas. Jeg fikk oppleve svært spennende teknologi, men fikk også en bekreftelse på at ACN er nøyaktig der vi behøver å være. På samme måte som elektronikkbransjen utvikler ACN seg konstant, og vi jobber opp mot neste bølge i telekommunikasjonens framtid. Du er perfekt posisjonert til å dra nytte av alt sammen.

Bare se på hvordan ACN har lyktes innen digitaltelefoni, for ikke å snakke om videotelefoni. Uten et markedsføringsbudsjett på millioner av dollar, faktisk uten å ha brukt vanlig markedsføring i det hele tatt, har ACN blitt verdens største distributør av videotelefoner! Vi endrer ganske enkelt måten verden ser på tradisjonell virksomhet... og vi endrer måten kundene handler sine tjenester på. Dette beviser bare hvor kraftig distribusjonskanal ACN er. Og det beste er... at vi nettopp har begynt! 2008 vil bli et historisk år for ACN i Europa, hvor vi planlegger lansering av vår egen VoIP-tjeneste med videotelefoner i de fleste landene vi har virksomhet.

ACN har også nettopp lansert trådløse tjenester i Canada, i samarbeid med Telus Mobility. Gjennom dette partnerskapet kan representanter tilby kundene trådløse tjenester i det største og raskeste nettverket i Canada.

Lansering av mobiltelefoni i Frankrike ble lansert på det nasjonale arrangementet i Marseille. Gjennom ACNs nye spennende partnerskap med The PhoneHouse vil franske representanter snart kunne markedsføre mobiltjenester og telefoner fra alle større mobilleverandører. Vi har planer om å overføre denne vinnerstrategien til flere europeiske land i løpet av året.

Hva så med satellitt-TV? ACN har nettopp annonsert lansering av satellitt-TV i USA. Du finner knapt noe som er mer populært enn TV!

Det er et produkt som virkelig selger seg selv.

Disse produktnyheterne er så spennende at jeg kunne ha avsluttet her. Det bør være nok til å holde energien din oppe gjennom hele 2008. Men som jeg sa tidligere... dette er bare begynnelsen.

I år vil representanter fra hele verden få to nye verktøy til disposisjon.

ACN vil bli omtalt i Success From Home Magazine – både i den europeiske og den amerikanske utgaven. Hele utgaven er viet ACN-muligheten, og er et krystallklart bevis på vårt rykte som verdens beste hjemmebaserte forretningsmulighet.

I tillegg vil ACN også introdusere en helt ny mulighetsdisk (Dual Disc). Denne disken vil ha helt nytt innhold, blant annet en ny mulighetsvideo i tillegg til suksesshistorier fra noen av ACNs fremste representanter – og mye mer. Hvor kraftfullt vil det være for dine rekrutter å tilbringe en dag med Jonas Rappe? Hva om du kunne vise familie og venner den virkelige livsstilen til Art Napolitano, George Zalucki og Françoise Monfray?

Jeg kunne ha snakket i timevis om de spennende tingene som vil skje i ACN i år, men da ville du aldri blitt ferdig å lese. Det er så mye som skjer i ACN akkurat nå, og året har nettopp startet. Den beste du kan gjøre for å holde deg i aktivitet og holde deg fokusert i år vil være å delta på alle internasjonale ACN-arrangementer i 2008. Du har ikke råd til å gå glipp av et eneste ett. Disse arrangementene vil være vår viktigste kommunikasjonskanal med deg gjennom året, så sørg for at du er på plass. Din innstilling – og din suksess – avhenger av det.

Jeg har aldri syntes ACN har vært så spennende som akkurat nå. Og jeg har aldri hatt større tro på hver av en av dere. Jeg vil at du skal stille deg selv et spørsmål når du nå går inn i 2008. Er du innstilt på suksess? Er du fokusert på omstendighetene, eller er du fokusert på suksess? Alt du behøver å gjøre for å lykkes i år er å ha 100 % tro på deg selv og ACN-systemet. Sørg for at hodet og hjertet er på riktig plass, og at du har viljen til å vinne – da kan du ikke mislykkes.

Og husk: dette er den tiden på året vi kan starte med blanke ark. Det er et nytt år, og det kan være en ny deg. Sett én fot foran den andre, sett deg noen spenstige mål, hold godt fast på målene – da vet jeg at du vil lykkes.

Fortsett å vokse!

VoIP

ET BILDE KAN SI MER ENN TUSEN ORD...

Begrepet "Voice over Internet Protocol" (VoIP) kan kanskje høres skremmende ut, men teknologien er faktisk overraskende enkel å bruke. Du kan til og med fortsatt ringe med samme telefonen som tidligere! Europeerne leder an i denne teknologiske utviklingen, og land som Frankrike, Nederland og Tyskland opplever for tiden den raskeste veksten i verden når det gjelder VoIP-abonnenter.*

Det er mange fordeler med å bruke en VoIP-tjeneste. Ikke bare koster det vanligvis mindre enn en tradisjonell fasttelefon, men du får også mange tjenester som kun er mulig med denne nye teknologien. I tillegg vil det kommende ACN VoIP-nettverket bli optimert for bildetelefoner, noe som gir uttrykket "et bilde kan si mer enn tusen ord" en ny dimensjon.

På mindre enn ett år har ACN blitt bransjeledende som den største markedsføreren av bildetelefoner i verden! Med et VoIP-marked som stadig vokser i Europa, og i et mye raskere tempo enn i Nord-Amerika, ser ACN virkelig fram til å lansere dette innovative produktet i 2008 og ytterligere forsterke vår posisjon som global markedsleder.

Forestill deg hvor viktig dette nye produktet vil bli på det europeiske markedet!

VoIP

UNA IMAGEN VALE MÁS QUE MIL PALABRAS

A algunas personas el término «voz sobre protocolo de Internet» (VoIP) puede resultarles complejo, pero lo cierto es que se trata de una tecnología increíblemente fácil de utilizar. De hecho, se pueden realizar las llamadas con un teléfono normal. El mercado europeo está a la cabeza de esta revolución tecnológica; países como Francia, los Países Bajos y Alemania están registrando uno de los crecimientos de usuarios de VoIP más rápidos de todo el mundo*.

La tecnología VoIP aporta inmensas ventajas, pues no solo supone un costo menor que las líneas telefónicas convencionales, sino que también incluye una serie de funcionalidades que solo es posible gracias a esta nueva tecnología. Además, la red VoIP de ACN, actualmente en desarrollo, admitirá también imagen a través de los videoteléfonos, dándole un nuevo significado a la expresión «una imagen vale más que mil palabras».

En menos de un año, ACN se ha convertido en el mayor proveedor de videoteléfonos del mundo. Dado que el mercado VoIP está creciendo constantemente en Europa, a mayor ritmo que en Norteamérica, en ACN nos sentimos especialmente entusiasmados con el lanzamiento de este servicio tan innovador en 2008, lo cual consolidará aún más nuestra posición como líder mundial.

¡Tan solo imagínese el impacto que este nuevo servicio tendrá en el mercado europeo!

«La diferencia entre una persona de éxito y otra que no lo es no es la falta de fuerza o de conocimiento, sino la falta de voluntad.»

Vince Lombardi

¡Hola de nuevo!

¡Ya estamos oficialmente en el año 2008! Cuesta creer que ha pasado otro año, y qué año... Literalmente todo lo que ACN prometió se hizo realidad en el 2007.

Quiero asegurarme de que este año adopten la mentalidad correcta para el éxito. En mi opinión la cita anterior de Vince Lombardi no lo podría expresar mejor. Se ha reconocido a Vince como uno de los mejores entrenadores de fútbol americano de todos los tiempos, no cabe duda de que él sabía bien lo que hace falta para superarse a sí mismo. Cuando hablamos de lograr el éxito, lo que importa no son los conocimientos, la fuerza o incluso la experiencia. Se trata de tener voluntad, simple y llanamente.

Esta afirmación no podía ser más cierta al hablar de la oportunidad de ACN. De hecho, nuestra oportunidad se basa en el concepto «no se necesita experiencia previa». No se trata de cuánto sabes, sino de cuánto estás dispuesto a trabajar. El éxito en ACN consiste en tener el corazón y la cabeza en su sitio, da igual cuánto tiempo se haya estado con ACN y la posición que se ostente. Es fácil olvidarse del objetivo a largo plazo y también es fácil obsesionarse con los detalles. Por este motivo, hay que empezar 2008 con la mentalidad correcta para el éxito.

Ahora más que nunca la mentalidad correcta es importante, porque este año va a ser abrumador. En ACN nos estamos preparando para celebrar nuestro 15º aniversario y les garantizo que este será uno de los años más influyentes de nuestra historia. Es el año en que sentaremos las bases de muchos años venideros, el año en que todo comienza en ACN, el año en que todo cuajará: los productos y servicios, las retribuciones... todo. En 2008 todo será mejor y mayor.

Acabo de volver de una feria de electrónica de consumo celebrada en Las Vegas. No solo pude conocer nuevas tecnologías verdaderamente impresionantes, también comprobé que ACN se encuentra exactamente donde tiene que estar. Al igual que el sector de la electrónica, ACN evoluciona constantemente y busca la nueva tendencia que represente el futuro de las telecomunicaciones. Y ustedes están en la mejor posición para sacarle partido.

Tengan tan solo en cuenta el éxito de ACN con el servicio de telefonía digital y no digamos ya los videoteléfonos. Sin gastar millones de dólares en marketing, sin ningún tipo de publicidad tradicional, ¡ACN se ha convertido en el mayor distribuidor de videoteléfonos de todo el mundo! Estamos literalmente revolucionando la visión que tiene el mundo sobre el negocio tradicional y cambiando la forma en que los consumidores adquieren sus servicios. Ello demuestra la gran eficacia del canal de distribución de ACN. Y lo mejor de todo es que esto es solo el principio. Este año será histórico para ACN en Europa, ya que planeamos lanzar nuestra propia red VoIP, incluyendo los videoteléfonos, en la mayoría de los países en los que funcionamos.

Además, ACN ha anunciado recientemente el lanzamiento del servicio de telefonía móvil en Canadá, en asociación con Telus Mobility. Gracias a esta colaboración, los representantes pueden ofrecer servicios de telefonía móvil a través de la red mayor y más rápida de Canadá.

Durante el reciente Evento nacional en la ciudad francesa de Marsella, se anunció el lanzamiento inminente de la telefonía móvil en Francia. Por medio del acuerdo que ACN ha establecido con The PhoneHouse, muy pronto los representantes en Francia podrán comercializar el servicio de telefonía móvil y los aparatos de los proveedores más importantes de ese país. Además, nuestra intención es que esta estrategia infalible se encuentre disponible en más países europeos durante este año.

¿Y qué me dicen de la televisión por satélite? ACN acaba de anunciar el lanzamiento de este servicio en los Estados Unidos. ¿Qué tiene mejor acogida que la televisión? Es un producto que se vende solo.

Estos anuncios son tan increíbles que deberían bastar para infundir vigor durante todo el año 2008. Pero, como ya dije antes, esto es solo el principio.

Este año nuestros representantes en todo el mundo presenciarán la llegada de dos herramientas totalmente nuevas.

ACN aparecerá en la revista Success From Home Magazine, tanto en la edición europea como en la norteamericana. El número completo se dedicará a la Oportunidad de ACN, lo que dice mucho sobre nuestro prestigio como la mejor oportunidad de negocio desde casa.

Asimismo, ACN introducirá un nuevo disco dual sobre la Oportunidad. Este disco incluirá contenido totalmente novedoso, como un nuevo vídeo sobre la oportunidad, además de historias de éxito de los representantes de mayor prestigio... ¡y mucho más! ¿Qué alcance tendría para sus nuevos representantes pasar un día con Jonas Rappe? ¿Qué pasaría si llevaran a sus amigos y familiares a echar un vistazo al estilo de vida de Art Napolitano, George Zalucki y Françoise Monfray?

Podría seguir hablando sin descanso sobre todas las novedades tan emocionantes que acontecerán en ACN este año, pero me quedaría sin espacio, pues son tantas... Por tanto, la mejor forma de estar informado y no perderse ninguna novedad es asistiendo a todos los eventos internacionales de 2008. No se pueden perder ni siquiera uno. Los eventos suponen la primera forma con la que nos comunicamos con nuestros representantes durante el año, así que acudan a todos ellos. Su mentalidad y su éxito dependen de ello.

No les quepa duda de que nunca he estado tan emocionado con ACN como ahora. Y lo mismo siento por todos y cada uno de ustedes. Permítanme dos preguntas: ¿están dando lo máximo de sí mismos? ¿Están pensando en las circunstancias o en el éxito? Para alcanzar el éxito este año, crean en sí mismos y en el sistema ACN. Pongan la cabeza y el corazón en su sitio, tengan voluntad de ganar: sin lugar a dudas, triunfarán.

Y recuerden que ahora es el momento de hacer borrón y cuenta nueva. Es un nuevo año, renuévense. Caminen con seguridad, márchense objetivos ambiciosos y ténganlos siempre presentes. De este modo no me cabe duda de que les veré en lo más alto.

¡Dense la oportunidad de crecer!

“Skillnaden mellan en framgångsrik person och andra är inte en brist på styrka, eller en brist på kunskap, utan en brist på vilja.”
Vince Lombardi

Hej allesammans!

2008 är officiellt i full gång! Det är svårt att tro att ännu ett år har gått – men vilket år det var. Bokstavligt talat allt som ACN lovade er – och lite till – blev verklighet 2007.

Jag skulle vilja börja det här året med att ge er rätt inställning för att nå framgång. Jag tycker att Vince Lombardi säger det bäst i citatet här ovan. Vince är erkänd som en av de bästa coacher som någonsin har funnits, eller kommer att finnas, och han om någon vet vad som krävs för att nå toppen. När det gäller framgång är det inte kunskap, styrka eller ens erfarenhet. Det är ren och skär vilja.

Och det kunde inte vara mer sant än vad det är för din möjlighet hos ACN. Faktum är att hela vår möjlighet bygger på att “ingen tidigare erfarenhet krävs”. Det handlar inte om hur mycket du kan, utan om hur hårt du är villig att jobba. Framgång med ACN handlar helt om att ha huvudet och hjärtat på rätt ställe. Det gäller lika mycket oavsett hur länge du har varit hos ACN, eller hur framgångsrik du är. Det är lätt att tappa bort det stora perspektivet, och väldigt lätt att fastna i detaljerna. Så börja 2008 med att ha rätt inställning för framgång.

Faktum är att det aldrig har varit viktigare än just nu att ha rätt inställning, för 2008 kommer att bli ett otroligt år. Medan ACN förbereder sig inför sitt 15-årsjubileum kan jag försäkra er om att det här kommer att bli ett av de mest inflytelserika åren i vår historia. Det här är året då vi lägger grunden för framtiden. Det här är året då allting börjar på ACN, året då allt faller på plats. Produkterna och tjänsterna, ersättningen... allting... allt kommer att bli större och bättre 2008.

Jag är just tillbaka från konsumentelektronikmässan i Las Vegas. Inte nog med att jag där fick se några verkligt spännande tekniker – evenemanget gjorde det dessutom ännu tydligare att ACN befinner sig exakt där vi behöver vara. Precis som själva elektronikbranschen utvecklas ACN hela tiden och söker efter nästa framtidsvåg inom telekommunikation. Och ni har ett perfekt läge för att dra nytta av alltihop.

Titta bara på ACNs framgång inom digitaltelefonitjänster, för att inte nämna videotelefoner. Utan att lägga miljontals dollar på marknadsföring, utan någon traditionell annonsering, har ACN blivit den största distributören av videotelefoner i hela världen! Vi håller bokstavligen på att förändra hur världen ser på traditionell affärsverksamhet... och hur konsumenterna väljer och köper tjänster. Det här bevisar bara ännu bättre hur stark ACNs distributionskanal är. Och den bästa nyheten är... att vi bara har börjat! 2008 kommer att bli ett år då ACN skriver historia i Europa, där vi planerar att lansera våra egna VoIP-tjänster med videotelefoner i de flesta av de länder där vi är verksamma.

ACN har också nyligen offentliggjort lanseringen av trådlösa tjänster i Kanada, drivna av Telus Mobility. Genom det här samarbetet kan representanterna erbjuda sina kunder trådlösa tjänster över Kanadas största och snabbaste nätverk.

Lanseringen av mobiltjänster i Frankrike, som är på gång snart, meddelades på det franska nationella eventet i Marseille nyligen. Genom ACNs nya, spännande samarbete med The PhoneHouse kommer de franska representanterna snart att kunna marknadsföra mobiltjänster och -telefoner från alla stora mobiltjänstleverantörer i Frankrike. Vi tänker dessutom göra den här nya, vinnande strategin tillgänglig i fler europeiska länder under årets gång.

Och satellit-TV? ACN har nyss meddelat lanseringen av satellit-TV i USA. Mer populärt än TV kan det knappast bli! Det här är en produkt som verkligen säljer sig själv.

De här produktlanseringarna är så spännande att jag skulle kunna sluta skriva här. Det här borde räcka för att ge dig kraft långt in på 2008. Men som jag sa tidigare... det här är bara början.

I år kommer våra representanter världen över att få se två helt nya verktyg.

ACN kommer att presenteras i såväl den europeiska som den nordamerikanska utgåvan av Success From Home Magazine. Ett helt nummer kommer att tillägnas ACN-möjligheten, och säga massor om vårt rykte som världens bästa hembaserade affärsmöjlighet.

Dessutom kommer ACN att introducera en helt ny, dubbel möjlighets-DVD. DVD-skivan kommer att ha helt nytt innehåll, inklusive en ny affärsmöjlighetsvideo och livsstilsberättelser om några av ACNs mest framgångsrika representanter – med mera. Hur starkt vore det om dina rekryter kunde tillbringa en dag med Jonas Rappe? Eller om du kunde visa vänner och familj hur det ser ut bakom kulisserna hos Art Napolitano, George Zalucki och Françoise Monfray?

Jag skulle kunna fortsätta i all evighet att berätta om allt det spännande som händer på ACN i år, men jag skulle få slut på utrymme. Det händer så mycket på ACN just nu, och året har bara börjat. Därför är det bästa sättet att hålla kontakten i år, och förbli fokuserad på alla de här spännande sakerna, att delta i varenda internationellt ACN-event under 2008. Du har inte råd att missa ett enda. De här eventen är vårt viktigaste sätt att kommunicera med dig genom året, så lova dig själv att vara med på alla event. Din inställning – och din framgång – hänger på det.

Jag har helt ärligt aldrig varit mer förväntansfull inför ACN än jag är just nu. Och jag har aldrig heller varit mer förväntansfull inför var och en av er. Jag vill att du ställer dig en fråga på väg in i 2008. Ligger du på topp? Är du koncentrerad på omständigheterna eller är du koncentrerad på framgång? Det enda du behöver göra för att lyckas i år är att ha 100 % tro på dig själv och på ACN-systemet. Ha huvudet och hjärtat på rätta stället, ha en vilja att vinna – då kommer det att vara omöjligt för dig att inte lyckas.

Och kom ihåg att det här är den tid på året då vi kan vända blad och börja om på nytt. Det är ett nytt år, och det kan vara ett nytt du. Sätt bara ena foten framför den andra, ställ upp några aggressiva mål, ta tag i målen och släpp dem inte – då vet jag att jag får se dig i toppen!

Fortsätt växa!

VoIP

EN BILD SÄGER MER ÄN TUSEN ORD...

Termen "Voice over Internet Protocol" (VoIP, eller IP-telefoni) kan låta komplicerad, men tekniken är faktiskt förvånansvärt lätt att använda. Faktum är att du till och med kan fortsätta att ringa med samma, vanliga telefon! Europa ligger i täten för den här tekniska utvecklingen, och i länder som Frankrike, Nederländerna och Tyskland har antalet VoIP-abbonenter på senare tid vuxit snabbare än någon annanstans i världen.*

Det finns många fördelar med att använda en VoIP-tjänst. Det kostar normalt mindre än en vanlig telefonlinje, och det finns ett antal funktioner som bara är möjliga genom den här nya tekniken. Det kommande VoIP-nätverket kommer dessutom att

vara optimerat för videotelefoner, och ge det gamla uttrycket "en bild säger mer än tusen ord" en helt ny mening.

På mindre än ett år har ACN blivit branschledande som den största leverantören av videotelefoner i världen! VoIP-marknaden växer exponentiellt i hela Europa, och i mycket snabbare takt än i Nordamerika, så ACN ser särskilt fram emot att få lansera den här innovativa produkten under 2008 och ytterligare stärka vår ställning som global marknadsledare.

Tänk dig vilken genomslagskraft den här nya produkten kommer att få på den europeiska marknaden!

VoIP

EEN BEELD ZEGT MEER DAN DUIZEND WOORDEN ...

De term VoIP, of Voice over Internet Protocol, klinkt misschien intimiderend maar de technologie is verrassend eenvoudig in gebruik. U kunt gewoon telefoneren met dezelfde standaardtelefoon. Europeanen lopen voorop in deze technologische evolutie. In landen als Frankrijk, Nederland en Duitsland is het aantal VoIP-abonnees sneller toegenomen dan ergens anders ter wereld.

Het gebruik van VoIP heeft vele voordelen. Niet alleen kost het meestal minder dan een traditionele telefoonlijn, maar er zijn tevens een aantal functionaliteiten die alleen mogelijk zijn dankzij deze nieuwe technologie. Het toekomstige VoIP-netwerk van ACN zal worden geoptimaliseerd voor beeldtelefoons. De uitdrukking "Een beeld zegt meer dan duizend woorden" krijgt zo een nieuwe betekenis.

In minder dan een jaar is ACN brancheleider geworden als grootste verspreider van beeldtelefoons ter wereld! Nu de VoIP-markt zo enorm groeit in Europa, en nog veel sneller in Noord-Amerika, kijken wij er enorm naar uit dat dit innovatieve product in 2008 in Europa wordt geïntroduceerd om onze positie als marktleider te verstevigen.

Stelt u zich eens voor hoeveel invloed dit nieuwe product kan hebben op de Europese markt!

“Het verschil tussen succesvolle mensen en andere is niet gebrek aan kracht of kennis, maar een gebrek aan willen.”
Vince Lombardi

Hallo allemaal!

2008 is lang en breed begonnen. Het is moeilijk te geloven dat er weer een jaar voorbij is. En wat voor jaar! Letterlijk alles dat ACN u heeft beloofd – en nog meer zelfs – is realiteit geworden in 2007.

Ik wil er zeker van zijn dat u de juiste instelling hebt om succesvol te worden. Vince Lombardi maakt dat heel duidelijk met bovenstaand citaat. Vince Lombardi staat bekend als een van de beste coaches ooit en weet heel goed wat er nodig is om de top te bereiken. Of je succesvol wordt of niet is niet afhankelijk van kennis of kracht. Zelfs niet van ervaring. Het enige wat telt is willen.

En dat is zeker het geval voor de mogelijkheid van ACN. De gehele strategie van ACN is erop gebaseerd dat ervaring niet nodig is. Het maakt niet uit hoeveel u weet, het gaat erom hoe hard u wilt werken. Als u succesvol wilt worden bij ACN moet u dat met al uw verstand en heel uw hart willen. En dat blijft zo. Het maakt niet uit hoe lang u al actief bent bij ACN of hoe succesvol u bent. Het is makkelijk om je alleen te richten op de details en het overzicht te verliezen. Dus begin 2008 goed en zorg dat u de juiste instelling hebt die nodig is om succesvol te worden.

De juiste instelling is nog nooit zo belangrijk geweest. 2008 wordt namelijk HET jaar. Wij maken ons klaar voor ons 15-jarig jubileum en ik verzeker u: dit wordt een van de meest invloedrijke jaren in de geschiedenis van ACN. Dit jaar leggen wij de basis voor de komende jaren. Dit jaar gaat het allemaal van start. Dit jaar vallen alle puzzelstukjes in elkaar. De producten en diensten, de compensatie...alles...alles wordt groter en beter in 2008.

Ik kom net terug uit Las Vegas, waar ik de Consumer Electronics Show heb bezocht. Niet alleen kon je daar fantastische technologieën bekijken, maar het werd daar alleen maar bevestigd dat ACN zich precies daar bevindt waar we moeten zijn. Net als de elektronica-industrie verandert ACN voortdurend en doen wij ons uiterste best op de hoogte te blijven van de nieuwste ontwikkelingen. En u bent in de perfecte positie om hiervan te profiteren.

Kijk maar eens naar het succes van ACN op het gebied van digitale telefonie en natuurlijk niet te vergeten, beeldtelefoons. Zonder dat wij miljoenen uitgeven aan marketing en zonder traditionele reclame is ACN 's werelds grootste verspreider geworden van beeldtelefoons! We veranderen letterlijk de manier waarop klanten “winkelen” voor diensten. Dit bevestigt alleen maar hoe krachtig het distributiekanaal van ACN is. En het beste nieuws is ... we beginnen nog maar net! In 2008 schrijft ACN in Europa geschiedenis. We maken ons klaar voor de introductie van VoIP met beeldtelefoons in de meeste landen waar wij actief zijn.

Onlangs heeft ACN ook mobiele telefonie in Canada geïntroduceerd, via het netwerk van Telus Mobility. Via dit samenwerkingsverband kunnen vertegenwoordigers mobiele telefonie aanbieden aan klanten via het grootste en snelste netwerk in Canada.

Tijdens het Franse nationale evenement in Marseille werd aangekondigd dat binnenkort mobiele telefonie zal worden geïntroduceerd in Frankrijk. Dankzij ons samenwerkingsverband met The Phone House, kunnen vertegenwoordigers in Frankrijk binnenkort mobiele diensten en telefoons van de belangrijkste aanbieders van mobiele telefonie in Frankrijk aanbieden. Het is de bedoeling dat we deze nieuwe strategie in de loop van het jaar ook in andere landen in Europa beschikbaar maken.

En wat denkt u van satelliet-tv? ACN heeft zojuist de introductie van satelliet-tv in de VS aangekondigd. Weinig dingen zijn zo populair als de TV! Dat is nou een product dat zichzelf verkoopt.

Deze aankondigingen zijn zo fantastisch dat ik deze brief net zo goed nu al zou kunnen afsluiten. Dit zou genoeg moeten zijn om 2008 door te komen. Maar zoals ik eerder al zei: dit is nog maar het begin.

Dit jaar zullen wij ook twee nieuwe hulpmiddelen introduceren.

Het tijdschrift Success From Home, zowel de Europese als de Noord-Amerikaanse editie, zal worden gewijd aan ACN. Het hele tijdschrift gaat over de ACN Opportunity en onze reputatie als 's werelds meest vooraanstaande zakelijke mogelijkheid vanuit huis.

Tevens zal ACN de ACN dual disc introduceren. De disc bevat een volledig nieuwe inhoud, waaronder een nieuwe video en succesverhalen van ACN's beste vertegenwoordiger en nog veel meer. Hoe fantastisch zou het niet zijn als uw prospects een dag met Jonas Rappe konden doorbrengen? En als vrienden en familie goed inzicht zouden krijgen in de carrière van Art Napolitano, George Zalucki en Françoise Monfray?

Ik kan oneindig lang doorgaan over de opwindende dingen die ons te wachten staan, maar daar is niet genoeg ruimte voor. Er gebeurt momenteel zoveel, en het jaar is nog maar net begonnen! De beste manier om voorop te blijven lopen en uw focus niet te verliezen is door in 2008 alle internationale evenementen bij te wonen. U kunt het u niet veroorloven er ook maar een mis te lopen. Tijdens deze evenementen worden er belangrijke dingen besproken, dus zorg dat u aanwezig bent. Uw instelling en uw succes zijn ervan afhankelijk.

Ik ben nog nooit zo opgewonden geweest over de toekomst van ACN. Niet alleen voor mezelf, maar ook voor u! Stel uzelf de volgende vraag: Loopt u voorop? Richt u zich op de omstandigheden of op het succes? Om dit jaar succesvol te worden, hoeft u alleen maar 100% in uzelf en het systeem van ACN te geloven. U moet de wil hebben om te winnen, en dan zal het onmogelijk blijken om niet succesvol te worden.

En wat het allerbelangrijkst is: het is het begin van het jaar. Het beste moment om een nieuwe start te maken. Het is een nieuw jaar en u kunt uzelf ook vernieuwen. Zet gewoon de ene voet voor de andere. Bedenk een aantal belangrijke doelen en richt u daarop. Ik weet zeker dat u dan de top zult bereiken!

Groei groter, steeds groter,
